

PUBLIC SAFETY BOARD ENTERED ON ITS WORK

Press Representatives and Even City Officials
Not Allowed to Listen to Its
Deliberations.

PROGRAM OF FUTURE WORK MAPPED OUT

In strict violation of the law and custom of any and all boards that transact business of the public, the first regular meeting of the board of public safety held last evening in the office of the city auditor was a star chamber session. Representatives of the daily press, through which the public receive their information of the proceedings of all meetings pertaining to the municipal business, were barred. All city officials, even Mayor Weaver, were treated in the same manner. City Solicitor Davidson was not wanted; at least, he was given no invitation to be present.

In spite of this adverse action on the part of the board, the News Review is in a position to report the proceedings of the meeting in full and the information did not come from the press committee appointed by the board.

Upon the arrival of the members, J. H. Dawson, James H. Grafton, D. M. Ogilvie and W. L. Taylor, they requested Mayor Weaver to convene with them until they were sworn in and organized. The chief executive did as requested and called the meeting to order shortly before nine o'clock.

Each member took the oath of office and then by a unanimous vote J. H. Grafton was elected chairman. Mayor Weaver then left the honorable body. Upon his retirement the question arose as to who should be clerk of the board and the members decided to honor the application of E. N. Hunniman, who was elected. He is a Republican and has long been a resident of the city. He is well known as a former grocerman, which business he followed for 15 years. The organization completed, the board began a discussion of the many duties which are incident to the positions accepted by them. The police and firemen were talked of at length. Many suggestions were offered and considered which the members thought would result in the improvement of the two departments. While the board will have numerous other matters to look after, the regulating of the methods to be employed by these departments will consume the most of their time and they, realizing the fact, reviewed the situation thoroughly.

CONDEMNED MAN CHEATED THE GALLOWES

Man Who Was to Hang Today Was Found Dead in His Cell.

Lexington, Ky., May 15.—(Special)—William McCarthy, a condemned wife murderer who was to have been hanged in the penitentiary today, suid in his cell in the annex some time during the night. He was found dead by the death watch this morning.

An autopsy was held by the prison physicians and morphine was found in the stomach. The drug is thought to have been given the condemned man by friends outside the prison.

BIG TRAINLOAD OF RAILWAY MEN

Conductors and Their Friends to
the Number of 1,000 Vis-
ited the East End.

ACREEABLY ENTERTAINED

The Visitors Shown Through the
Laughlin China Company's Big
Plant And Presented Handsome
Souvenirs—All Deeply Interested.

Railroad conductors, their wives and sweethearts, to the number of 1,000 were most welcome invaders of the East End this afternoon. A special train of 15 coaches and a baggage car reached the switch at the Homer Laughlin China company's plants just at noon, having been delayed on the trip from Pittsburgh almost an hour. In consequence the inspection of the Laughlin plants, which was the principal feature of the trip, was postponed until after dinner.

The ticket punchers were met at the train by the officials of the Laughlin company and the committee from Trades and Labor council, composed of Messrs. John Reark, William Cope, William Pittenger, Frank Martin and Fred Pennington and representatives of Wellsville Division No. 289, Brotherhood of Railroad Conductors, Messrs. F. J. Packer, J. P. Whalen and T. J. Kerr. The reception was informal, there being no addresses, as was at first announced.

Dinner was the first thing on the program and the visiting railroadmen were escorted to Larkins' hall, where they were served by a local caterer and his assistants with a substantial lunch. Owing to the small size of the room all the visitors could not be accommodated at one time and many of them patronized the restaurants and boarding houses of the East End. Quite a number came down to the central portion of the city on the street cars and remained until time to return to the train.

The visit to the city was one of the side trips arranged every day for the members of the Brotherhood of Railway Conductors, whose representatives are holding the 29th convention this week at Pittsburgh. The delegates of the convention were not with the visitors, the sessions requiring their presence in Pittsburgh. The visitors represented every section of the United States and were a fine appearing body of men and women.

Their curiosity to see how pottery is made was quite unusual and Messrs. Aarons, Wells, Sterling and Ed Carson, Barker and other officials of the company were kept busy making explanations. The visitors were well pleased with their tour of the plants, which included every department, particularly with the souvenir presented by the company. This token had been pre-

pared particularly for the trainmen and was a handsome ice cream plate, tastefully decorated and embellished with the insignia of the Brotherhood. The departure of the train at 4:30 o'clock was all too soon for the visitors and they assured their hosts that this trip had afforded the most pleasure of any yet arranged.

Boys Accused of Theft.

Upon complaint of several proprietors of fruit stands and grocery stores a couple of boys were arrested this morning and taken before the mayor, charged with pilfering oranges and other fruit from the display benches on the streets. The urchins were given a severe reprimand and released upon their promise to never repeat the action.

COST WILL REACH ABOUT \$400,000

Engineers' Estimates of Expense
of Building New East
End Car Line.

LETTING OF CONTRACTS

Preparatory work for the construction of C. A. Smith's electric street railway line to the East End is progressing rapidly. The corps of engineers that have been working along the route for a week or more have nearly finished and will be ready to make their report in a few days. They are considered among the best engineers of the country, coming from the office of M. J. Bryan, well known as the owner of an extensive construction engineer agency, with headquarters at Pittsburgh, and upon their work will depend the letting of contracts for the entire equipment of the road.

The engineers are determining the grades, elevations, condition of curves and streets for the purpose of estimating the amount of motive power that will be required to operate the line and the entire cost. When they are through the contract for both the railway and the electric light plant will be let. Mr. Smith estimates the total cost at a figure close to \$400,000. It is stated that in a very short time the estimates will be made, the contracts let and the work begun. The news will be received with pleasure by the general public, as it is the wish of practically every one in the city that the line be in operation in as short a time as possible.

The contracts for the rails will be given either to a Johnstown firm or one of Philadelphia. Contracts have already been closed for the furnishing of the ties, and it will be but a very short period until they arrive in the city.

THREE LIVES LOST IN A BIG FIRE

Appalling Disaster at West Chester, Near Chicago—Many Persons Hurt.

Chicago, May 15.—(Special)—An appalling catastrophe at West Chester, near this city, resulted in the death of three people and fatal injuries to two others. Six persons were seriously injured.

The lives were lost in the destruction by fire of the West Chester depot. The dead are: Louisa Phaeza, Harry Struble and Samuel Hall.

VIOLENTLY INSANE

Lisbon Colored Man Arrested at New Brighton And Sheriff Sent For.

Lisbon, May 15.—(Special)—Sheriff Leonard received a telephone message from New Brighton, Pa., yesterday afternoon, stating that Thomas H. Gardner, a Lisbon colored man, has been locked up there, violently insane. Gardner was in Lisbon the first of the week and it was noticed that he was acting queerly. He was at one time cook at the county infirmary.

Sheriff Leonard went to New Brighton today to bring Gardner back to this county.

COUNCIL TAKES STEPS FOR ISSUE OF BONDS

Question of Providing \$59,000 to Meet Deficiencies, Etc., Goes to the Voters
June 1.

THE NECESSITY FOR THE BONDS IS GREAT

By a unanimous vote of the city council at the adjourned meeting held last evening a resolution was passed declaring it necessary to hold a bond election for the purpose of meeting the deficiencies in the several funds, general, fire, police, light, sanitary and interest. The date set for the election is June 1, between the hours of 12 and 6 p. m.

Solicitor George Davidson had prepared the resolution and after he and Auditor Davidson had explained the situation of the city's finances again the members of council took the matter up and voted for the election, each man expressing himself on the absolute necessity of the taxpayers of the city taking the matter up and under no consideration failing to cast a two-thirds vote in its favor.

There are few cities that have ever been placed in such a financial predicament. The funds are overdrawn many thousands of dollars. In order that the employees of the city might receive their salary for this month it was found necessary to renew notes of the city for which 7 per cent interest must be paid. This was done in violation of the code, but there was no other remedy. When the issue comes before the people it will either be passed or the city will be tied up. Council and the other boards have decided to do no more work or have any more done when the money is not in the treasury to pay for it, and if the bond issue fails the police, firemen and other officials will be notified to suspend work until the money can be secured.

The election will be for the issuing of bonds to the amount of \$59,000, which is 1 per cent of the total valuation of the city. According to the code only 1 per cent of the valuation can be bonded, and only after a favorable vote of the people.

By this action on the part of council the entire overdraft will be wiped out and the several funds will be placed once more on a sound basis. The tax levy due on June 20 will be sufficient to defray the expenses in the future, and as council and the other boards will contract for the payment of bills only when the money is in the treasury the funds will not again be overdrawn.

MRS. STOWE'S SUIT FOR \$250 DAMAGES

Case Before Court Growing Out of a Restaurant Sale at Wellsville.

Lisbon, May 15.—(Special)—The case of Charles and Margaret Stowe, of Wellsville, vs. Park Leach, is being tried by the jury today. The plaintiff charges that the defendant obtained possession of a lot of household furniture belonging to her and unlawfully converted it to his own use. She asks damages in the sum of \$250.

The case grew out of the sale of a restaurant in which Leach maintains that the articles seized by him were included in the deal.

NEW BOARDS ORGANIZE

W. L. Thompson President of Library Board And J. J. Purinton of Tax Commission.

The library board organized last night with the following officers: President, W. L. Thompson; vice president, Dr. W. N. Bailey; secretary, G. Y. Travis; treasurer, A. S. Young. Regular meetings will be held the first Friday of each month.

The new tax commission chose John J. Purinton president and Dr. William M. Calhoun vice president.

Strenuous Senatorial Contest.

Columbus, May 15.—(Special)—Word comes from Belmont county that the fight between Hon. J. C. Heinlein, of Bridgeport, and Hon. Charles Howard, of Barnesville, has reached the strenuous stage. It is stated that Howard's friends are industriously spreading the report that Heinlein is a foraker man and that his nomination would be a good thing for Senator Hanna. This story is strongly resented by Heinlein's friends.

Died of Spasms.

Lisbon, May 15.—(Special)—A 16-month-old child of Mr. and Mrs. Edward McCord died yesterday in spasms brought on by teething.

STATE OFFICERS IN THIS CITY

East Liverpool Now Has Commander, Quartermaster and Adjutant of S. of V.

FEATURES OF ENCAMPMENT

The actual business of the Grand Army and Sons of Veterans state encampments was finished on Wednesday evening and yesterday was devoted to pleasure trips and sightseeing.

This section of the state and particularly East Liverpool was honored with the highest offices in the state in both orders, and several of the minor positions will come to Columbiana.

Division Commander J. J. Rose with the other officers and the commanders' staff were installed Wednesday. They are as follows:

Senior Vice Commander—F. E. A. Shaw, of Marietta.

Junior Vice Commander—W. B. Coats, of Martin's Ferry.

Division Council—P. F. Yengling, of Salem; J. E. Schenck, of Dayton; T. O. Bailey, of Cleveland.

Delegate to National Encampment—Delegate at Large—F. O. Tuttle, of Cleveland; alternate, Hi D. Davis, of Cleveland.

Delegates—W. B. Martin, of Massillon; F. C. Landsittle, of Marietta; T. A. Seltz, of Dayton; alternates, John A. Barnhardt, of Cleveland; George H. King, of Cleveland; H. R. Rowley, of Lancaster.

Quartermaster—W. R. Dawson, of East Liverpool.

Commander's Staff—Chaplain—S. B. Salmon, of Dennison.

Adjutant—F. W. Timmons, of East Liverpool.

Mustering Officer—W. T. Schrieve, of Lancaster.

Judge Advocate—Sherman Arter, of Cleveland.

Sergeant Major—H. R. Thompson, of East Liverpool.

Military Aid—Past Commander A. E. B. Stephens, of Cleves.

Aids—D. W. Holloway, of Akron; Dr. Hollingsworth, of Creston; Dr. L. L. Yonker, of Bowling Green; B. D. Hyatt, of Bellefontaine; J. J. Vangarder, of Scioto; R. L. Atchison, of Mogadore.

In the election of Captain W. R. Dawson as division quartermaster, another important berth comes to East Liverpool. The laws of the division were changed so that the position to which Mr. Dawson was elected will be a permanent one and the incumbent is elected for a term of three years.

DECIDED TO HAVE EQUALIZING BOARD

Council Once More Tackles the
Pennsylvania Avenue
Paving Problem.

MAYOR TO HAVE NO CLERK

Realizing the importance of the meeting, every member of council assembled at the city hall last evening, there being present President Horwell, Messrs. Barlow, Johnston, Smith, Cannon, Moon and Croxall. Acting according to his determination made at a previous meeting, the members were called to order promptly at 8 o'clock by the president and the body got down to work at once.

Among the first matters given attention was the ordinance repealing the one passed some weeks ago creating the office of clerk for the mayor. It was up for the third reading and final passage and after each member had stated his view of the question a vote was taken, resulting in the passage of the ordinance, but two members, Moon and Smith, voting against it.

Those voting for the passage of the ordinance stated that they thought the expenditure of \$500 a year for a clerk would be an imposition on the taxpayers. They contended that the mayor does not have sufficient work to demand a clerk and that if the board of public safety needed a clerk it has the power to appoint one. It was argued that when the provision was made by the compilers of the code it was done in consideration of cities such as Cleveland, Cincinnati, Columbus and others of more than 50,000 inhabitants and that cities the size of East Liverpool do not have enough business to keep busy both a mayor and a clerk.

The burdensome Pennsylvania avenue question was then taken into consideration. It was decided to appoint an equalization board and at the next meeting each member will have a

NO NEED FOR ASSESSING BOARD

Council Acted Legally in Appointing a Pennsylvania Avenue Equalization Board.

At the city hall this morning the conclusion was reached by the city auditor and a few others that council took premature action at the meeting last evening when it decided to appoint a board to equalize the assessment made on the Pennsylvania avenue improvement. The conclusion was based on a misinterpretation of the code, it being the opinion that a new assessing board must be appointed and its report received and accepted before the appointment of an equalization board can be made. City Solicitor George E. Davidson was approached by a News Review reporter and made the following statement:

"The decision of council was perfectly proper. I weighed the matter well before the meeting and am positive that the code does not make it necessary for the appointment of another assessing board."

The sections of the code pertaining to the action are as follows:

"In cases wherein it is determined to assess the whole or any part of the cost of any improvement in proportion to the benefits which may result from such improvement, as provided for herein, the council may appoint three

disinterested freeholders of the corporation to report to it the estimated assessment of such costs on the lots and the lands to be charged therewith, in proportion, as nearly as may be, to the benefits which may result from the improvement to the several lots or parcels of land so assessed, a copy of which assessment shall be filed in the office of the clerk of the corporation for public inspection."

On a day appointed by the council for that purpose the board, mentioned in a section of the revised statutes of Ohio, after taking an oath before the proper officers to honestly and impartially discharge their duties, shall hear and determine all objections to the assessment, and shall equalize the same, as they think proper, which equalized assessment they shall report to council, which shall have the power to confirm the same, or set it aside and cause a new assessment to be made and appoint a new equalizing board possessing the same qualifications, which shall proceed in the manner above provided.

"When the assessment is confirmed by the council it shall be complete and final and shall be recorded in the office of the clerk of council."

Not in His Bailiwick.

Mayor Weaver received a telephone communication from Mayor Fogo, of Wellsville, last evening, stating that there is a dead horse lying near Kountz's and that the city of East Liverpool should remove the carcass. The matter was referred to Sanitary Policeman Burgess who quickly resented the demand, stating that it does not fall to the duty of this city to attend to such matters, as far down the river as above mentioned.

Almost 4,000 votes were cast in the News Review's voting contest yesterday and the totals of several of the leading candidates for prizes were largely increased. It was the last day for Series C coupons, and holders of votes of that series hustled them in in great quantities.

A new series of votes—E, good until June 15—starts today. Though Series D votes will be valid up to and including the last day of this month, they should now be sent in as rapidly as possible. This will not only facilitate the counting, but lend additional interest to the contest, which is now attracting more attention than ever.

Every reader is urged to save his votes and bring or send them to the News Review office, marked with the name of the candidate favored by the voter. This takes very little work, and the favor is one the candidates will certainly appreciate.

The following candidates have received 100 votes or more:

WITH THE WORKMEN IN THE CLAY PLANTS

FIRST TIME HONORED.

Local union No. 32, printers and transferers, are highly elated over the election of one of its regular members, William Elder, as second vice president. This is the first time in the history of the Brotherhood that a national officer has been selected from their ranks and Vice President Elder should feel proud over the distinction. It is stated that his campaign was strategically managed by Ed. Hutton, whose wonderful agility in getting over the ground enabled him to see all the delegates before the other candidates had gotten fairly started. Mr. Elder will make a popular and efficient officer.

DUFFY IS BUSY.

President Duffy will be a very busy man for the next two weeks. He has assumed the duties of an office not entirely familiar with him and will in addition have to coach Ed. Menge, the new secretary, until that gentleman learns the ropes. One of President Duffy's first and most important

acts will be the appointment of a conference committee to meet with the manufacturers. This committee will not be announced for some time as the conference will not take place until July. It is not believed that any friction will result from this conference.

LEFT FOR PEORIA.

Water J. McKeone and Mike Fennell, the delegates to the national convention, who have been visiting relatives in this city since the sessions ended, left this morning for their homes. Both are well pleased with the work of the convention and are of the opinion that all the measures enacted will work for the betterment of the organization.

AMONG THE WORKERS.

Miss Eva Morrow, of the Union, will visit with friends in Minerva while the alterations are being made at the plant.

Miss Anna McMillen, of the Union, will leave in a few days for Barnesville, where she will make a visit with relatives.

Herbert Johnson, of Brant's, will attend the meeting of the grand lodge, O. U. A. M., which is to meet next Tuesday at Warren.

Several of the East Liverpool delegates were offered positions in the Wheeling potteries but so far as has been learned, none of them accepted.

Miss Anna McKenna, one of the delegates to the convention, returned home yesterday. She remained a day or two after the sessions ended to visit with relatives.

James Marriatt, one of the Trenton delegates who came up here from Wheeling, left last night for Lisbon, where he will make a short visit before returning to his home.

Great Northern Trouble Settled.

St. Paul, May 15.—All danger of a strike on the Great Northern railway system has passed and an amicable agreement between the company and its trainmen has been reached, the schedules being signed. Each side made concessions, although upon the face of the terms of the compromise the men have somewhat the better of it. They are granted an increase in wages which averages 15 per cent; the yardmen get the Chicago scale, which is 3 cents an hour higher than the St. Paul scale; new men are to be given increased wages after one year's service, and upon the double-header question, which was the cause of the deadlock in the negotiations, the men modified their demands to a slight degree.

COMMUNICATION

FROM WILL REED

Offer to Refund Money if Hyomei Does Not Cure Cataract.

To the Editor of the News Review: I have been asked recently if the advertisements printed in your columns regarding Hyomei were true, where I offer to refund the money if this treatment does not cure cataract. I wish you would please print this letter in as conspicuous a place as possible in your paper, saying that we absolutely agree to refund the money to any purchaser of a Hyomei outfit if it does not cure cataract.

This outfit consists of an inhaler of a convenient size to be carried in the vest pocket so that the user can breathe Hyomei air four or five times daily. With this is included a medicine dropper and a bottle of Hyomei. The outfit sells for \$1 and is a most economical treatment, for the inhaler lasts a lifetime and there is enough Hyomei for more than a month's use, while extra bottles can be obtained for 50 cents.

I trust this communication will set to rest any doubts that may have arisen as to my willingness to refund the money for a Hyomei outfit, in case the purchaser is not satisfied.

I wish to say emphatically that my guarantee on Hyomei holds good, and I will refund the money to any dissatisfied purchaser who simply states that he has used the treatment according to directions and not been helped.

Respectfully yours,

WILL REED.

LISBON COLONY IN CLEVELAND

Men of Prominence Who Were
Born and Reared in
This County.

A NATIONAL REPUTATION

Won By Some Who Are Proud to
Claim, Columbiana's County Seat
As Their Early Home—Spots of
Historic Interest About the Town.

Great preparations are being made for the centennial celebration of the founding of this town, known in its early history as New Lisbon. June 17 and 18 promises to be great days for this historic town. Citizens propose to observe the occasion with speeches, music, including the "ponderous drum and shrieking fife," fireworks and an imitation of the Morgan raiders, who threatened an advance on the old village in 1865.

There is a large colony of New Lisbon people in Cleveland, says W. W. Armstrong, in the Cleveland Press. The Hannas, the Armstrongs, the Delenbaughs, the Garretsons, the Whitacres, the McCords, the McClymonds, the Millers, the Potters, the Briggs, and many others now living in Cleveland and hosts of others from far and near will return to be present at the reunion.

Rev. Louis Kinney, a Baptist, with true Scotch-Irish instinct, bought the land upon which the town was built. He succeeded in securing somewhere an appropriation of \$150 for a log house. The town drew recruits from Pennsylvania, Maryland and Virginia and in its early days it was the most important point in northeastern Ohio.

Clement L. Vallandigham and M. A. Hanna are two native New Lisbonites to attain national prominence in public life.

Vallandigham was in congress just before the war and for his unfortunate position of public questions there he achieved a notoriety which was world-wide, yet he always claimed that he was for the union and the constitution. He entered public life early and was an accomplished speaker.

Hanna, much younger, did not enter politics until he had accumulated a fortune. He inherited his oratorical force from his father, Dr. Leonard Hanna.

Four of Lisbon's sons reached the rank of major general. They were Gen. W. T. H. Brooks, Gen. "Reb" McClellan, Gen. Alex. McDowell McCook and Gen. George A. Garretson. There were others who were brigadier generals and colonels, and in the little cemetery on the hill can be observed monuments of several majors, captains and lieutenants. Lieut. Commander John J. Cornwell and some others represented the old town in the United States navy. Of educators there were David Anderson, Joseph E. Vance, Jessie Holmes, and Mrs. Taber, who before the days of common schools, were engaged in teaching the young ideas how to shoot. There will be many who will visit the grave of David Anderson, "Old Dave," as he was styled, to pay their respects to the memory of the schoolmaster, who had rough ways, but a tender heart.

William H. Gregg, publisher of the Ohio Patriot, established in 1808, has several copies of his paper containing the sheriff's advertising from Cuyahoga county, there being no paper published in Cleveland at that time. Cleveland is now 100 times greater in population than Lisbon, yet she is not prouder of her growth than is the little town on Beaver creek of her age.

Mrs. Virginia Lepper, widow of Charles W. Lepper, first cashier of the Cleveland Citizen's Savings bank, and a daughter of ex-Sheriff Peter Cornwell, one of the first settlers of Lisbon, died in Cleveland recently. Five years ago Mrs. Lepper donated \$10,000 for the erection of a library to be known as the "Lepper library." It is one of the most beautiful public buildings in the town. One year ago it was changed to a public institution. Before the death of Mrs. Lepper she sold all of her diamonds and jewelry and donated the proceeds to the church to which she belonged.

Lisbon is full of historic spots—the house where Vallandigham was born, the house where the mother of William McKinley lived as a young woman, the grave of the grandfather of President McKinley, the well remembered old taverns and many other points that will be remembered by those who return, after years of absence, to the home of their childhood.

Don't allow the idea that Hagee's Cordial of Cod Liver Oil is greasy, nauseating, sickening, like ordinary cod liver oils, prevent a trial of this remarkable spring remedy. Hagee's contains all the active medicinal properties of cod liver oil without the grease—the fishy taste.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both

sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EPWORTH LEAGUE

Result of the Election Held By Erie Street M. E. Church Society.

A meeting of the members of Epworth League of the Erie street M. E. church was held and the annual election of officers took place. Herbert Smith was chosen president and his cabinet will be Marion C. Flick, first vice president; Florence Myler, second vice president; Pearl Finley, third vice president; Effie McKinnon, fourth vice president; Mollie Flick, secretary; Blanche Marsh, treasurer. The look-out committee was also appointed and Harry Wilkes was made chairman and Charles Jamison, Hazel Orentt and Dora Hayes, assistants.

Delegates to the spring convention, that will be held next spring at Sallineville, were elected and Mollie Flick and Harry Wilkes will be the representatives.

GUN CLUB SHOOT

Good Scores Made at the Columbian Practice Shoot Yesterday.

The Columbian Gun club held its shoot yesterday afternoon at its grounds above Columbian Park and the shooting was of excellent marksmanship. Dr. Jackman made two straight scores of 15 birds. Dr. J. H. Davis made one straight score. The shooting of Councilman Johnston was good. He secured 14 out of 15 birds, but in his total of shooting killed 53 out of 65 birds.

Dr. Jackman and Councilman Johnston were slightly hurt by the rising of their gun barrels. The new powder that the gun club was experimenting with is stronger than that usually used.

Missionary Society.

The Ladies' Missionary society of the Second U. P. church held an exceptionally good meeting at the parsonage yesterday afternoon. It was well attended. There were five visitors also present. The routine business of the society was transacted and the subject on home missions was "Cuba and Porto Rico," and the foreign subject, "Siam and Laos." After the regular meeting was held an enjoyable social hour was spent.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

NO CHANCE AT ALL FOR THE DEMOCRATS

REPUBLICANS WILL CARRY BOTH BRANCHES OF LEGISLATURE.

Close Counties Represented By Republicans No Longer in Existence in Ohio.

Columbus, May 15.—The result of the last election in Ohio for members of the Seventy-fifth general assembly shows conclusively that unless there is a break in the Republican column in Hamilton county there is no chance for the Democrats to defeat Senator Hanna for re-election.

Up to the past five years there were an unusually large number of close Republican counties, among which might be mentioned the joint Adams-Pike district, Van Wert, Hardin, Williams, Hancock, Paulding and Koss counties. But the last election for assemblymen swept every one of these counties into the Republican column safely with the single exception of the Adams-Pike joint district.

There were 63 Republicans in the last house and 42 Democrats, the latter including the solid Cuyahoga county delegation. The Republican majority was 26 votes, making necessary a change of 14 votes in the entire membership to give the Democrats the next house.

There was but one close county in the last house represented by a Republican, Erie, where Hon. W. E. Guerin had a majority of but 16 votes. The close Democrat districts were: Adams-Pike joint J. W. Guthrie 48 majority; Coshocton, J. A. Findley, 142; Guernsey, Hon. W. L. Simpson, 375; Highland, Hon. N. P. Clyburn, 103; Knox, Hon. Patrick Perry, 141; and Tuscarawas, Hon. W. A. Gold, 227. Of these Messrs. Guthrie, Simpson, Clyburn and Perry were renominations. Every one of these counties are likely to be carried by the Republicans.

In the senate the Democrats had 12 members and the Republicans 21, a Republican majority of 9. In that number Senators Harrison, Godfrey, Overturf and Judson represented districts that had before been safely Democratic. The Cuyahoga county delegation was solidly Democratic. A review of the senatorial outlook at this time is that every district represented by a Republican in the Seventy-fifth will remain so.

Two years ago the people of Ohio demonstrated that they were sick of Johnson and they will emphasize this view this fall. With a splendid national and state administration, good times, prosperity and a high state of the general welfare it does not seem possible that there will be any reversal of the public judgment on Republican men and measures. But no chances should be taken in nominating a legislative ticket.

Ten Injured in Street Car Collision.

Indianapolis, May 15.—Two street cars, the second and last in a string of three cars bearing a trolley party of officers and delegates of the national convention of Royal Neighbors, collided and 10 women were injured, three seriously. The accident was caused by the front car being stopped suddenly and the rear car crashing into it.

IMPROVEMENT MEASURES MUST PROCEED SLOWLY

Ordinances Cannot Be Rushed Through Under the New Code—Considerable Red Tape.

The course laid down in the code for the procedure of council in the passage of an improvement measure has been found to be a most roundabout one. Under the old system there was a lot of trouble and red tape generally considered unnecessary, but under the present arrangement as much caution is observed in the passage of a street grading ordinance as in the adoption of the Panama canal bill.

Council must first adopt an improvement measure by passing a preliminary resolution declaring the necessity of the work. However, before this can be done it must emanate from the board of public service. After the passage of this resolution it must be printed once a week for from two to four weeks and then embodied in an ordinance setting forth all details of the procedure, the manner of doing the work and of paying for it, etc.

Then comes the crowning provision of the code, which to some seems absolutely unnecessary. Twenty days after the passage of the ordinance, another must be produced and passed. It has the same provisions and is practically the same ordinance. This makes the one further provision that work shall begin forthwith. This third measure must be passed as the others with three readings and a three-fourths vote. After it is passed a second notice is given that ground may be broken for the work.

Under the system of passing improvement measures it is estimated that many weeks will be necessary to get any improvement through council, and it is advised that if the body wishes to have any work done this summer that they take it up at once.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands of dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. The following were among those issued: George B. Mackey, of East Liverpool, a wind musical instrument; Miller D. Grimm, of Wellsville, process of annealing metal plates.

Cured His Mother of Rheumatism.

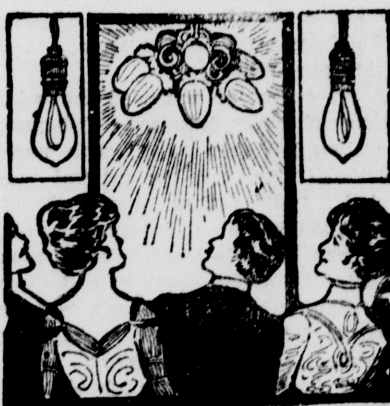

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Hudson, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." Sold by Alvin H. Bulger.

A Healthy Trade In China

This department is enjoying the greatest trade since it was started. We take good care to see that goods are here that people want and that they are different from other lines around us. We also take good care that the prices are popular, the variety unexceptional and the grades of China now to be duplicated. Some of the prices that we hear of being quoted, seems to us to almost be a prohibitive act against purchasing. We have just received a large shipment of Fine German China, which is on display in our show window. Below we quote a few prices:

Bread and Butter Plates 10c	Tea Cups & Saucers 75c a set
Breakfast Plates 13c	Oat Meal Dishes 10c
Fruit Plates 15c	Spoon Trays 19c
Chocolate Pots 49c	Pin Trays 10c

By providing for an election to take action on a proposition to issue bonds to relieve the financial embarrassment of the city, council has taken a step which is most commendable. The city has its obligations to meet and cannot meet them without money. It is folly to borrow and pay 7 per cent interest when there is a simple way to get the money and pay only 5 per cent for it. While there will naturally be regret on the part of the citizens that the city's debt must be added to, the necessity exists and the money should be voted without hesitation. It will be far easier to pay it by distributing the payment of principal and interest over a series of years than by a tax levy to pay it in a lump sum. Considering the wealth and population of the city, its prospects for rapid future growth and the improvements which have been carried out, there should be no alarm over the situation and no difficulty in meeting the payments on existing obligations as they mature. The course of the board of public safety and the city council in determining to rid the city of financial methods of a questionable if not absolutely illegal character is one that cannot be too strongly approved. A strict regard for the law as well as for the interests of the city cannot fail to result in economy. Business methods alone will straighten out the present

tangle. And the proposition to get money for immediate use at the cheapest rate possible is certainly "business."

"Said President Roosevelt at San Francisco: 'It is a good lesson for nations and individuals to learn never to hit if it can be helped, but never to hit soft, and I think that it is setting to be fairly well understood that is our foreign policy. We do not want to threaten; certainly we do not desire to wrong any man. We are going to keep out of trouble if we possibly can, but if it becomes necessary for our honor and interest to assert a given position we shall assert it with every intention of making the assertion good.' In other words, Uncle Sam never speaks unless he has something to say. What he says, he means. The great nations of the earth are learning that the United States is one of the greatest, and that its wishes are not to be ignored."

The president's visit to the Pacific coast states and his speeches at San Jose, Watsonville, Santa Cruz, San Francisco and other points serve to call attention not only to the remarkable industrial progress of that section of the Union within the last few years, but to the growth of our interests in the Pacific. In his speech at Watsonville the president, referring to the Pacific, said: "This, the greatest of all the oceans, is one which during the century opening must pass under American influence and, as inevitably happens when a great effort comes, it means that a great burden of responsibility accompanies the effort."

America, being a big country and a rich one, is able to spend on its pleasures sums which reach enormous totals each year. There are plenty of amusements which have a place on the country's balance sheet in the hundred-million class, but most of them are of a kind in which all or nearly all of the people participate to a great extent. One form of pleasure, however, which comparatively few people can enjoy, and which yet ranks high in the total amount spent on it, is foreign travel. An expert in the navigation business has been recently making an estimate of what our tourists will spend abroad this year, and he places the amount at \$100,000,000.

The Carnegie library is an institution in whose prosperity all East Liverpool should be interested. That the people appreciate the advantages and benefits it offers them is abundantly shown by its rapidly increasing patronage and expending influence. There should be no hesitation, but instead an eagerness, to take advantage of the offer of Prof. W. L. Thompson to donate \$1,000 to the library for its immediate needs, provided a like sum is donated by citizens. The money will certainly be well invested, and we are confident it will be forthcoming.

Toledo will dedicate a handsome McKinley memorial statue on July 4, being among the first of Ohio's cities to erect such a memorial. In honoring the dead statesman's memory Toledo is herself honored.

According to Mr. Cleveland, Judge Harmon is a pretty good Democrat, but he doesn't weigh 300 pounds.

Gentry Bros.' Circus Is Here With Many Striking New Features.

The little folks of the city are delighted. Gentry Bros.' famous show—a circus in miniature—with Lilliputian trained animals, complete in all the essentials of a great show, is here and will exhibit this afternoon and evening at the West End park. The show makes a hit wherever it goes. It has been seen here before and was highly appreciated.

A street parade preceded the exhibition and it was first-class. This year the show has been rebuilt with many new additions, and the general verdict is, "better than ever." Many bright, laughable and interesting acts, not seen here last year, have been added to the performance, and even the remarkable loop-the-loop is here performed by a cunning little monkey in a most sensational manner.

The show is full of laughable situations and not a tiresome act is on the program. It is a clean show and the people will give Gentry a packed canvas.

PUBLIC SAFETY BOARD ENTERED ON ITS WORK

Continued from First Page.

It was decided for the entire board to make an investigation of the central and East End fire stations on a day to be named later, of next week. One proposed that the members go singly but the suggestion was not favorably received.

In anticipation of the receiving of numerous applications for positions on the police force and in the fire department, a plan was talked of by which the members hope to secure a few men that can be called upon at the time needed. Mr. Taylor stated that he thought it would be a good idea to select about four well built and physically strong men for the position of firemen; see that they will fill the requirements; give the fire chief orders to allow them to loaf around the fire station that they may get acquainted with the work and then when the time comes that one is needed a green horn will not have to be appointed. The proposal was looked upon favorably and will likely be adopted.

William Copestick had informed one of the members that he is not satisfied with the position of constable and asked that he be in some manner connected with the East End fire station. Action on the request was deferred.

The police department was not the subject of so much comment. The suggestion is that the members intend leaving the police to a degree under the perfect control and management of Chief Wyman, who they consider well able to care for his underlings. However, they were not entirely forgotten. One member suggested that provision be made for the policemen to make an hourly report by a telephonic or telegraphic system to be connected either with central fire station or the city hall. The member argued that boxes are already stationed over the city and that the cost would be but little. He thought that by this means the whereabouts of the policemen will always be known. It is likely that the plan will be adopted at no distant date.

Frank Johnson had written the board for appointment on the police force. His application was a thorough one. He referred the board to several prominent men of the city, gave his pedigree and stated that he had had some experience in the work. Upon motion the application was received and placed on file.

The question as to whether or not John Wyman can remain chief of police was given much consideration, but was finally laid over until some-

thing more definite can be learned. Mr. Taylor stated that he would like to bet his two years' salary that Mr. Wyman will stay and Mr. Oatly thought that he could not be removed. The opinion of the remainder of the board could not be learned.

Some discussion was indulged in when the matter of holding the next meeting was introduced. One wanted it on Saturday night, another on Monday night, but a decision was reached to set the date for next Wednesday evening.

We claim to show the most complete and up-to-the-minute line of young men's suits and hats in the city.

WELLSVILLE

FOUND HIS WIFE DEAD LYING UPON THE FLOOR

G. B. Eastlake Made a Horrifying Discovery Upon Returning to His Home.

Mrs. Nellie S. Eastlake, wife of Express Agent G. B. Eastlake, died at her home on Hill street, Wellsville, yesterday from heart disease. Mrs. Eastlake was standing in the yard holding her seven-week-old child when Mrs. Roberts, a neighbor, asked her to go with her to see the circus parade. She said she would, but told Mrs. Roberts to wait until she got a wrap for the baby. She went into the house and failed to return. Mrs. Roberts, not thinking of anything being wrong, went to see the parade. About 12:30 when Mr. Eastlake went home for dinner he was horrified upon opening the door to find his wife lying dead on the floor with the child clasped in her arms. He at once ran for a physician, but the last spark of life had vanished. The little child had a large lump on its head, made no doubt by the fall.

Mrs. Eastlake was about 24 years old and is survived by her husband and child and her parents, who live at Lindenville, O., where the remains were taken this morning for burial.

This is one of the saddest deaths which has occurred in this city for some time and the sympathy of the whole community are with the heart-broken husband, the motherless child and sorrowing parents. Mr. and Mrs. Eastlake came to this city last September and during their residence here have made many friends, and her sad and untimely death was a terrible shock to them all.

day afternoon and was assessed \$8.00. Mills is the young man who, on last Monday evening, had some trouble with Elma Walters, the "White Swan." She came here Monday evening about 10:30 o'clock and swore out a warrant for Mills' arrest. She charged him with having tried to kill her by placing her on the street car track near her home, midway between this city and East Liverpool. When she came here she was pretty badly used up. Her eye was black, her clothes torn and muddy and her lip badly swollen. She also said he tried to choke her.

When arraigned before the mayor Mills told a different story. He said he did beat her, but she was to blame. He said he went home with her and as they alighted from the car she began a fight and struck the first blow. She was carrying a basket filled with different articles and it was with this she hit him. He defended himself and she got the worst of the argument. He acknowledged that he was intoxicated, but is not sorry for what he did, as he thinks she got only what she deserved. The woman has left this section and her whereabouts are not known. The fight was over Mills being with another woman.

Public Service Board.

The Wellsville board of public service held a short meeting yesterday, but transacted very little business. Mr. Stewart was elected vice president of the board. The clerk was instructed to order a complete set of supplies for the cemetery sexton's use. John Russell asked the board that a larger water main be laid on Appian way, as

the present line is too small to supply the residents. The bond of Street Supervisor Alex Culp was read and approved. After this business the board went to the cemetery and made a thorough inspection. They meet again this morning when the report was made.

Fought And Were Arrested.
Bob Sinclair and Bert Kissner had a fight last evening on Main street, near Third street, and both were arrested. They were taken to the city hall, but were released and will have a hearing this evening at 7 o'clock. It is alleged that Sinclair started the fuss and struck the first blow. Kissner did not want to fight, but when struck he pitched in and defended himself. When it was all over, Bob's physiognomy was considerably damaged. What the fight was over could not be learned.

THEIR COAL INTERESTS

Attract a Party of New York Capitalists to Shipping-port.

Officials of the Beaver Coal company, which has large coal leases in Beaver county, Pa., and Hancock county, W. Va., passed through Chester today on their way to Shipping port, where they are at present erecting coal bins on the river. The party consisted of D. C. Colbert, R. H. Miller and T. S. Mulcahy, all from New York city. The gentlemen stated that the interests of the company demanded their presence to make future preparations for the carrying out of the development of the coal lands and other arrangements that might be necessary as soon as the extension of the Panhandle railroad from Moravia will be commenced.

It is thought their visit may have considerable to do with an early commencement of the extension of the railroad. The gentlemen would not give out much information for publication.

name to be voted on and three will be selected to act on the board. The resolution which follows pertaining to the appointment of the board was not acted upon, but will be passed at the next meeting:

"Be it resolved by the council of the city of East Liverpool, Ohio, that and three interested freeholders of the corporation, be, and they are hereby appointed to act as an equalizing board, to hear the objections to the estimated assessment heretofore reported to council by the board of improvements, of the costs and expenses of improving Pennsylvania avenue, from Lot No. 1589 to the East End school building, and to equalize the same in such manner that the assessment upon any lot or parcel of land shall not exceed the special benefit conferred thereon by said improvement, distribute the assessment among the several lots and parcels of land in the proportion, that the special benefit to each lot or parcel of land bears to the whole special benefit conferred by the said improvement, and the objections to be determined and the assessment equalized according to law. Said board shall meet at the council chamber in the city hall on the 18th day of May, 1903, at 9 o'clock a. m., and shall report such equalized assessment to council at the earliest period of completion."

The ordinance granting the C. C. Thompson Pottery company an extension of time for the switch that it occupies on the state road was referred to the ordinance committee and the ordinance establishing the office of clerk of council was placed on its third reading and final passage. By the ordinance the clerk is to get \$200 per year for his services.

Through forgetfulness Mayor Weaver did not make his appointment of the member of the board of health at the last meeting and it was handed to council last evening. Mayor Weaver was only compelled to make one appointment, notwithstanding that the terms of two members expired last week. He appointed Dr. W. E. Mowen, one of the retiring members, and the appointment was unanimously confirmed. This board will likely hold a meeting tonight and organize.

Notice was given that the board of public service, board of public safety and tax commission wish to meet with council and the body adjourned until next Monday evening when a joint meeting will be held.

NARROW ESCAPE FOR THE DRIVER

TEAM HAULING A HEAVY CIRCUS WAGON RAN AWAY.

Four Horses Made a Wild Dash Down the Hill to the Railroad.

Driver Ike Hahn, of Gentry Bros' circus came near being killed this morning while the show was unloading at the lower freight yards. That he escaped is due entirely to his presence of mind and the fact that one of the horses he was driving fell.

A wagon weighing nearly seven tons had been taken from the cars and was headed up Walnut street. Hahn hitched four horses to the wagon, which was loaded with tresses, and an attempt was made to haul it up Walnut street. The outfit was the heaviest belonging to the show, but the two teams made good progress until East Third street was reached, when the horses stalled. The driver tried in vain to induce the animals to go forward, but they were unable to do so.

The lead team finally began to sway from one side to the other and finally turned completely around. The wagon was so heavy that it ran onto the horses and they became frightened. All four horses began running at the same time and the ascent of the steep hill was made at a breakneck speed. Just as the wagon reached the railroad one of the horses fell. The heavy wagon was going so fast that there was no time to get the horse out of the way and the front wheels ran directly into it.

The driver had a narrow escape when the collision occurred, and the horse was badly injured. A gash was torn in his hip and his hind legs were badly bruised. The wound on the animal's hip is about five inches long and very deep. The harness was removed as quickly as possible and the horse taken to the office of Dr. McFarland, where it is now being treated. The show people changed the course of their operations and used Broadway for the remainder of the day.

REALM OF SPORTS

THE SLEEPLESS TEAM
WAS WIDE AWAKE

Mill Men Stood No Show Against It in the Base Ball Game Yesterday Afternoon.

The Sleepless Shoe company ball team walloped the tin mill men at Rock Springs park yesterday afternoon in a game full of hard hitting and ragged fielding. Both teams, it was claimed, had several "ringers" on the field. "Hap" Reark donned a uniform for the first time this year and twirled a pretty game. His benders and twisters were too much for the mill men at critical stages, if indeed there was such a stage. Mr. McClure, of Wellsville, pitched for the mill men and was touched up for 17 hits. His support was of the yellow order, his teammates making 13 errors.

Wallace, Davis and Harker, of the Y. M. C. A. team, played with the Sleepless team, and were factors in the result. Davis hit safely three times, Harker made three and Wallace four. Russell led at the bat for the mill men. Stapleton could not hit the ball, but the ball hit him. Out of six times up, five were strike outs and the other time he was hit by the pitcher.

Both teams scored four runs in the first inning, but after this the Sleepless team pulled ahead and won easily. Following is the summary:

Sleepless 4 2 4 0 7 1 0 0—22
Mill Men 4 2 0 3 0 1 0 0—10
Hits—Off Reark, 11; off McClure, 17.
Struck out—By Reark, 4; by McClure, 10.
Errors—Sleepless, 6; Mill Men, 13.
Two-base hits—Davis, Wallace, Anderson, Russell, Dawson, Law, Ker-nott.
Three-base hit—B. Pope.

A STRONG LINE UP
FOR THE GAME

To Be Played With the Westinghouse A. C. Tomorrow—Four Foreigners Signed By Capt. Reark.

After several days spent in correspondence and dickering with players in regard to salaries, Captain Chick Reark was able last evening to name the lineup for tomorrow's game with the Westinghouse Athletic club. It will be one of the strongest ever played under East Liverpool colors and if the visiting team is half as good as it is cracked up to be the game will be well worth seeing.

Captain Reark announces that the following lineup will not be the permanent one, it being his intention to make several changes and thereby materially strengthening the team: Peiper, catcher; Winters, pitcher; Gibson, short stop; Wallace, first

base; Heffelfinger, second base; Davis, third base; Brown, left field; Reark, middle field, and Reilly, right field.

Peiper hails from Dayton. He is a brother of the big boy who is among the Jamestown professionals. His past record is a good one and it is thought he will make good with the locals. He is said to be an all-around player, being firstclass behind the bat and strong with the stick.

Heffelfinger comes highly recommended from Galion, O. He is a six-footer and weighs 180 pounds. He played last year with Warren, the year before with Crestline and in 1900 with Bucyrus. He has a reputation as a batter, outfielder and at second base. The latter position he played while with the Crestline team. It is said that he is fast and covers in unusually large territory.

Brown is well known in the city, having played several times in West End park. He is from Beaver Falls and will no doubt fill the bill in the field.

The lineup of the Westinghouse team will be as follows: O'Leary, catcher; Bretsnyder, pitcher; Charter, short stop; Ferguson, first base; G. Chambers, second base; Maloney, third base; Hiser, left field; Ravey, middle field, and J. Chambers, right field.

This team has never appeared on a local diamond, but has a good reputation and will likely give the locals a fight for the victory.

Great Season for Horsemen.

If New York horsemen are not over-enthusiastic about the matter, this is to be a great season for the light-harness horse lovers of the metropolis. They say that the game is making the greatest kind of a hit in the east, and that the crowds will be turned away from the Empire City track this summer. James Butler, president of the Empire track organization, and owner of Direct, looks for the greatest season that the New Yorkers have ever known.

Won by the V. A. C.

The Victor Athletic club yesterday defeated the second Y. M. C. A. team by a score of 16 to 3. The lineup was as follows:

V. A. C.—Vervin, catcher; Smith, pitcher; Miller, short; Yountz, first; Winters, second; Bridge, third; McNicol, left; Nellis and Russell, middle; Kauffman, right.

Y. M. C. A.—Mackey, catcher; Mackey, pitcher; Gibbons and S. Bucher, short; Geon, first; Watkins, second;

Mr. H. K. Mitchell, of New Philadelphia, O., speaks of Life Plant in the following emphatic language:

Life Plant is a wonder. We have used it in our family for nearly a year and find it to be all that is claimed for it in giving tone and vigor to the system. It certainly cures rheumatic trouble. In fact I believe it will cure any disease that is reached through the blood.

We guarantee the genuineness of every TESTIMONIAL. The above was indeed a remarkable cure, but it was simple and easy when the proper method was followed. It is a notable fact in science, that disease germs can not exist in pure matter. There must be some impurity else they die. You might arrest a disease by local application, and take some poisons fatal to disease germs, but you cannot hope for a cure by that system of treatment. You must get at the cause.

Impure blood is the cause of practically ALL diseases. To cure any disease you must by some means purify the BLOOD. Scrofula, Salt, Rheum, Rheumatism, Eczema, Hives, Tetters, Catarrh and Asthma, are the most familiar forms of blood diseases. Life Plant purifies the BLOOD. It renews LIFE, it restores the vital element in the BLOOD. That is why it cures diseases, and prevents disease. It is nature's way. It's the common sense way. Try it NOW. DELAY IS DANGEROUS.

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S.

There is hardly a man, woman or child in America who has not heard of "S. S. S. for the blood." It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anemia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetters, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. ANNIVERSARY OF THE LIBRARY

Celebrated With a Pleading Program of Music and Oratory Last Night.

EXCELLENT START MADE

Toward Securing the \$2,000 Proposed Donation—Addresses By J. J. Purinton, Rev. C. G. Jordan and Dr. M. B. Pratt—Large Audience Present.

With appropriate and pleasing ceremonies the first anniversary of the opening of Carnegie library was celebrated at the institution last night in the presence of several hundred people who have shown a great interest and helped materially toward its success. While the first year of the library has been attended with a substantial growth, both as to the number of volumes and patrons, a much wider extension of usefulness is promised before the next anniversary is at hand.

A good start was made toward securing the necessary fund of \$1,000, which will entitle the institution to a like amount, the gift, under this condition, of Prof. W. L. Thompson. There is little doubt but the amount will be secured in a brief time, but this is not the entire program for the year. It is the earnest desire of the library trustees, the librarian, Miss Baker, and her assistants to secure sufficient funds for the purchase of new volumes that will place the institution in a foremost place in the state and add to the enjoyment of its patrons.

Last night the assistance of many of the leading citizens was pledged in this campaign, and with the well directed and untiring efforts of the trustees and librarians the objective is certain to be attained.

Preceding the ceremonies the newly appointed board of trustees held a meeting to talk over the affairs of the institution and map out a plan of campaign. The election of officers of the board was the most important business to be transacted. Following are the new officers: President, Prof. W. L. Thompson; vice president, Dr. William Bailey; secretary, G. Y. Travis; treasurer, A. S. Young. The other members are Messrs. Thomas Collins and J. J. Weisend. The board will meet at stated intervals and keep in close touch with the affairs of the institution. Prof. Thompson's election to the presidency is a just recognition of his past services and generosity for the library.

An excellent musical program had been prepared and when the first number was announced the building was comfortably filled with citizens interested in the welfare of the institution. J. J. Purinton, a member of the retiring board of trustees, acted as master of ceremonies. He made a brief address, stating that it was partly the object of the gathering to acquaint the people with the needs of the library and awaken an interest that will help the new board in the work of increasing the book purchasing fund.

Mr. Purinton's address was an eloquent and impressive one, showing the good the library is doing, the chances for future expansion and the necessity for cordial support and public cooperation in maintaining the excellent educational institution.

A double quartet from the high school sang a song that called forth merited applause and the boys were compelled to respond to an encore. The quartet is composed of Charles Gaston and Ben Bennett, first tenor; William Rhodes and Blaine Cochran, second tenor; William Cripps and John Evans, first base; Francis Ryan and F. Gardner, second base. Their accompanist was Miss Maudie Barlow.

Rev. C. G. Jordan stated that he had been called upon to talk for just five minutes, to get all present in a happy mood. He could see that all were happy, so the address was unnecessary. But he went on with his remarks and even if his hearers had been happy at the start they were more so when he had concluded.

Miss Elizabeth Hamill followed with a beautiful piano solo, "Earl King," that delighted all. Miss Hamill has no superior in this section as a pianist and she never fails to please.

Another pleasing instrumental number was the violin solo, "Scene. Ballade," perfectly rendered by Miss Lida Kountz. Miss Kountz possesses a rare ability as a musician and is a talented performer.

Mr. Purinton then read a brief report from the librarian dealing with the facts and figures of the actual operation of the library during its first year of existence. A most satisfactory condition was revealed, and the pride of the retiring trustees and the librarians in their work is certainly pardonable.

Miss Maudie Carr played an exquisite solo, "Caprice Espagnole," which displayed her rare accomplishments and won her much applause.

Rev. Dr. Pratt then made a brief address, calling attention to the library as one of the greatest influences for good in the community. If the people fully understood its significance he thinks even the present commodious edifice would be insufficient as a home for the institution. The colleges reach but a small number and for the people in the rush and hurry of everyday life the library is most essential. It should not only be permitted to exist, but privileged to live. It should be equipped with the books the patrons ought to read, as well as those they want to read. In conclusion he pledged the support of his people toward widening the scope of the institution.

quartet is composed of Charles Gaston and Ben Bennett, first tenor; William Rhodes and Blaine Cochran, second tenor; William Cripps and John Evans, first base; Francis Ryan and F. Gardner, second base. Their accompanist was Miss Maudie Barlow.

Rev. C. G. Jordan stated that he had been called upon to talk for just five minutes, to get all present in a happy mood. He could see that all were happy, so the address was unnecessary. But he went on with his remarks and even if his hearers had been happy at the start they were more so when he had concluded.

Miss Elizabeth Hamill followed with a beautiful piano solo, "Earl King," that delighted all. Miss Hamill has no superior in this section as a pianist and she never fails to please.

Another pleasing instrumental number was the violin solo, "Scene. Ballade," perfectly rendered by Miss Lida Kountz. Miss Kountz possesses a rare ability as a musician and is a talented performer.

Mr. Purinton then read a brief report from the librarian dealing with the facts and figures of the actual operation of the library during its first year of existence. A most satisfactory condition was revealed, and the pride of the retiring trustees and the librarians in their work is certainly pardonable.

Miss Maudie Carr played an exquisite solo, "Caprice Espagnole," which displayed her rare accomplishments and won her much applause.

Rev. Dr. Pratt then made a brief address, calling attention to the library as one of the greatest influences for good in the community. If the people fully understood its significance he thinks even the present commodious edifice would be insufficient as a home for the institution. The colleges reach but a small number and for the people in the rush and hurry of everyday life the library is most essential. It should not only be permitted to exist, but privileged to live. It should be equipped with the books the patrons ought to read, as well as those they want to read. In conclusion he pledged the support of his people toward widening the scope of the institution.

Dr. Pratt suggested that there be a general rally on the Fourth of July in connection with the patriotic celebration. Either on that day or the following Sunday collections and con-

tributions for the library could be collected in the different churches and the schools could have a part in the work. The idea is an excellent one and the trustees give it cordial endorsement.

Miss Weaver, another talented pianist, played a delighted solo that was appreciated by all.

The Gwendolen quartet, composed of Misses Margaret Baxter, Sara James, Margaret Harrison and Claire Scott, sang a very pretty ballad, "Pretty Jane" and responded to an encore with the ditty, "The Busy Bee."

This concluded the regular program, but many remained to pass a few moments in social chat and in inspecting the tastefully arranged and decorated rooms. The trustees and librarians are to be congratulated on the success of the evening.

To Miss Mary Hall, assistant librarian, is the credit for arranging the splendid musical program. She was also responsible for the idea of holding the anniversary and is to be commended for her every effort.

ROOSEVELT AN LL.D.

Highest Honor of State of California Conferred on President.

GREETED WITH HARVARD YELL

Commencement Exercises at University—Four Hundred Students Receive Degrees—School Children Line Streets.

San Francisco, May 15.—President Roosevelt bade farewell to San Francisco, his last day, like the others here, having been so completely taken up that it served to verify the smiling remark he made Wednesday, that the city of the Golden Gate had given him everything except sleep.

Early in the morning the presidential party, with an escort of sailors and marines, left the Palace hotel and participated in the dedication of the monument commemorative of the victory of Commodore Dewey and his fleet at Manila bay. Here the president dwelt strongly on the necessity of a stronger navy and of practical training at sea.

Then a trip was taken across the bay to Berkeley, the home of the University of California, where the president spoke at the commencement exercises. The citizens of Oakland next claimed Mr. Roosevelt's presence.

Following came a visit to Vallejo, where the cornerstone of the navy's Y. M. C. A. building was laid. Inspection was then made of the Mare Island navy yard, and the party returned to attend the Union League club banquet in the evening.

Shortly after midnight the president left to view the Yosemite valley. Berkeley, Cal., May 15.—The citizens of Berkeley united with the members of the faculty and students of the University of California, in tendering a tremendous ovation to President Roosevelt and party. Long before the hour set for arrival of the special train the school children of the city, gaily festooned with flowers, assembled on either side of the street leading to the university entrance. The thoroughfare had been brilliantly decorated for the occasion, and when the presidential party passed up the street the avenue was carpeted with blossoms.

Carriages and a committee of representative citizens were in waiting at the Berkeley station and the drive to the new amphitheater at the university, where the commencement exercises were held, was taken up immediately on the arrival of the president. As he stepped from his carriage and made his way to the amphitheater he was surrounded by 16 cavalrymen. He wore a hood and gown, in conformity with the degree of doctor of philosophy.

The program had been timed so that the presidential party arrived just before the conferring of degrees by Governor Pardee to the members of the graduating class.

After the cheers which greeted the appearance of the president had subsided the student body greeted the head of the nation with the Harvard

FIFTY CENTS A MONTH

A small bottle of Scott's Emulsion costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort.

Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Her Housework Easily Performed After Taking Blood Wine

Women who find it difficult to do their housework, who drag along their home with hardly energy enough to lift a broom, who are all tired out, who ache, are lame, languid and distressed, will find in "Blood Wine" a medicine whose peculiar strength-giving properties make it impossible for these all too common ills to exist. A great many women neglect themselves, and disease follows. "Blood Wine" should be on the kitchen shelf of every home. If taken when one enjoys good health it will keep one from getting out of order. If taken after disease has fastened itself upon the system it will quickly throw it off.

Mrs. Elizabeth Marsh of 22 Isabella St., Boston, Mass., owes her present good health to "Blood Wine," though she alluded before she got hold of the medicine. She says:

"I suffered for years with a general run-down condition, due to a bad condition of the blood, which produced a type of dyspepsia. At times pains that almost drove me wild, and that left me with scarcely strength enough to get around. A friend, one day, to whom I was telling my story, asked me to try 'Blood Wine,' as it had done her so much good. So I did. I began with small doses and increased as I improved. I soon got so I could eat bread and milk. I continued with the medicine until I had taken several bottles and was entirely cured. Now I eat anything, am strong, healthy and happy, and attribute it all to 'Blood Wine.'"

"Womb affections, periodical sufferings, and the general lassitude resulting will quickly disappear when the blood is properly treated. It provides nourishment and strength and brings about a natural condition in all the organs. Mrs. Bertha Sanborn of 50 Germaine St., Boston, will testify to that. Her experiences are as follows:

"Your 'Blood Wine' has done more for me than I could expect in a letter. I have been subject to womb trouble all my life, and have

yeil. He gave approval by nods and smiles. President Benjamin Ide Wheeler then conferred degrees upon the 400 collegians, who sat upon the stage with cape and gown. After this the president was introduced by President Wheeler, who simply said: "Theodore Roosevelt, president of the United States."

Then as the chief executive, attired in a black academic robe, trimmed with purple, stepped into the sunlight President Wheeler said: "Theodore Roosevelt, by authority of the regents of the University of California, I confer upon you the degree of doctor of laws. This is the highest honor the state knows how to confer on you. Its best it gives gladly."

President Roosevelt then addressed the assemblage, eulogizing the state, its people and the university, speaking in affectionate terms of his old-time friend, President Wheeler.

At the close of the exercises the president left for Oakland, where he was escorted through the principal streets, accompanied by Governor Pardee, Senator Perkins and the reception committee. In front of the high school the president delivered a short address. He was then escorted to the water front en route to the navy yard.

Wealthy Pioneer Dead.

Honolulu, May 15.—S. C. Allen, a pioneer of Honolulu, died of heart disease, aged 72 years. Captain Allen was one of the wealthiest men in these islands, his fortune being estimated at \$5,000,000. He was a member of the firm of Allen & Robinson lumber dealers and shipping men.

Statue to Zola.

Paris, May 15.—The statue to the memory of the late Emile Zola when completed will represent him standing in an attitude of vehement controversy. A symbolic figure of Truth is pointing out his path. This is believed to be suggestive of Zola's course in the Dreyfus affair.

SOCIAL EVENTS

Bentley-Emmerling.

Miss Estella Bentley and Jacob Emmerling were married at 7:30 o'clock last night at the parsonage of the M. E. church. Rev. Dr. Pratt officiating. They were attended by Mr. and Mrs. George Crook as best man and bridesmaid. The full ring service, solemn and impressive, was used. The groom is a popular young pottery worker, employed at the West End plant, and the bride is a talented and winsome young lady. They will go to house-keeping on Jethro street.

Mrs. Erlanger Surprised.

Mrs. William Erlanger, Sr., was given a surprise birthday party at her home on Fifth street from 9 until 12 o'clock last night. About 15 couples were present. The ladies arranged the party and succeeded in enticing their unsuspecting hostess from the house while they were making the final preparations. The evening was given over to the enjoyment of music and cards, interrupted by the refreshments of ice cream, cake and fruits. Mrs. Erlanger was the recipient of many happy congratulations.

Arranging for Convention.

The ladies of the Missionary society of the First Presbyterian church held a business meeting last evening to complete arrangements for the convention to be held in that church early in June. This will be an occasion of unusual interest, not only to all interested in missionary work, but to the general public. A large number of delegates are expected from other churches in the Steubenville presbytery.

Missionary Society Meeting.

The Woman's Home Missionary society held a meeting of unusual inter-

est at the First M. E. church last evening. Mrs. William Hollingshead extended an invitation to all members of the society to have a tea at her residence next Thursday afternoon. On Friday evening, Mrs. Frank Crook, president of the auxiliary of the First M. E. church, will entertain the young ladies who have recently joined the church. Dr. Pratt was present during the early part of the evening. He led the devotional exercises and gave an address on the work of the society as related to the church.

PUBLIC SAFETY BOARD ENTERED ON ITS WORK

Press Representatives and Even City Officials
Not Allowed to Listen to Its
Deliberations.

PROGRAM OF FUTURE WORK MAPPED OUT

In strict violation of the law and custom of any and all boards that transact business of the public, the first regular meeting of the board of public safety held last evening in the office of the city auditor was a star chamber session. Representatives of the daily press, through which the public receive their information of the proceedings of all meetings pertaining to the municipal business, were barred. All city officials, even Mayor Weaver, were treated in the same manner. City Solicitor Davidson was not wanted; at least, he was given no invitation to be present.

In spite of this adverse action on the part of the board, the News Review is in a position to report the proceedings of the meeting in full and the information did not come from the press committee appointed by the board.

Upon the arrival of the members, J. H. Dawson, James H. Grafton, D. M. Ogilvie and W. L. Taylor, they requested Mayor Weaver to convene with them until they were sworn in and organized. The chief executive did as requested and called the meeting.

STATE OFFICERS IN THIS CITY

East Liverpool Now Has Commander, Quartermaster and Adjutant of S. of V.

FEATURES OF ENCAMPMENT

The actual business of the Grand Army and Sons of Veterans state encampments was finished on Wednesday evening and yesterday was devoted to pleasure trips and sightseeing.

This section of the state and particularly East Liverpool was honored with the highest offices in the state in both orders, and several of the minor positions will come to Columbiana.

Division Commander J. J. Rose with the other officers and the commanders' staff were installed Wednesday. They are as follows:

Senior Vice Commander—F. E. A. Shaw, of Marietta.
Junior Vice Commander—W. B. Coats, of Martin's Ferry.

Division Council—P. F. Yingling, of Salem; J. E. Schenck, of Dayton; T. O. Bailey, of Cleveland.
Delegate to National Encampment—Delegate at Large—F. O. Tuttle, of Cleveland; alternate, H. D. Davis, of Cleveland.

Delegates—W. B. Martin, of Massillon; F. C. Landsittle, of Marietta; T. A. Seltz, of Dayton; alternates, John A. Barnhardt, of Cleveland; George H. King, of Cleveland; H. R. Rowley, of Lancaster.

Quartermaster—W. R. Dawson, of East Liverpool.
Commander's Staff—Chaplain—S. B. Salmon, of Dennison.
Adjutant—F. W. Timmons, of East Liverpool.

Mustering Officer—W. T. Schrieve, of Lancaster.
Judge Advocate—Sherman Arter, of Cleveland.
Sergeant Major—H. R. Thompson, of East Liverpool.
Military Aid—Past Commander A. E. B. Stephens, of Clevel.

Aids—D. W. Holloway, of Akron; Dr. Hollingworth, of Creston; Dr. L. L. Yonker, of Bowling Green; B. D. Hyatt, of Bellefontaine; J. J. Vangard, of Soloto; R. L. Atchison, of Mogadore.

In the election of Captain W. R. Dawson as division quartermaster, another important berth comes to East Liverpool. The laws of the division were changed so that the position to which Mr. Dawson was elected will be a permanent one and the incumbent is elected for a term of three years.

CONDEMNED MAN CHEATED THE GALLOWES

Man Who Was to Hang Today Was Found Dead in His Cell.

Lexington, Ky., May 15.—(Special)—William McCarthy, a condemned wife murderer who was to have been hanged in the penitentiary today, suicided in his cell in the annex some time during the night. He was found dead by the death watch this morning.

An autopsy was held by the prison physicians and morphine was found in the stomach. The drug is thought to have been given the condemned man by friends outside the prison.

DECIDED TO HAVE EQUALIZING BOARD

Council Once More Tackles the Pennsylvania Avenue Paving Problem.

MAYOR TO HAVE NO CLERK

Realizing the importance of the meeting, every member of council assembled at the city hall last evening, there being present President Horwell, Messrs. Barlow, Johnston, Smith, Cannon, Moon and Croxall. Acting according to his determination made at a previous meeting, the members were called to order promptly at 8 o'clock by the president and the body got down to work at once.

Among the first matters given attention was the ordinance repealing the one passed some weeks ago creating the office of clerk for the mayor. It was up for the third reading and final passage and after each member had stated his view of the question a vote was taken, resulting in the passage of the ordinance, but two members, Moon and Smith, voting against it.

Those voting for the passage of the ordinance stated that they thought the expenditure of \$500 a year for a clerk would be an imposition on the taxpayers. They contended that the mayor does not have sufficient work to demand a clerk and that if the board of public safety needed a clerk it has the power to appoint one. It was argued that when the provision was made by the compilers of the code it was done in consideration of cities such as Cleveland, Cincinnati, Columbus and others of more than 50,000 inhabitants and that cities the size of East Liverpool do not have enough business to keep busy both a mayor and a clerk.

The burdensome Pennsylvania avenue question was then taken into consideration. It was decided to appoint an equalization board and at the next meeting each member will have a

Continued on Fifth Page.

NO NEED FOR ASSESSING BOARD

Council Acted Legally in Appointing a Pennsylvania Avenue Equalization Board.

At the city hall this morning the conclusion was reached by the city auditor and a few others that council took premature action at the meeting last evening when it decided to appoint a board to equalize the assessment made on the Pennsylvania avenue improvement. The conclusion was based on a misinterpretation of the code, it being the opinion that a new assessing board must be appointed and its report received and accepted before the appointment of an equalization board can be made. City Solicitor George E. Davidson was approached by a News Review reporter and made the following statement:

"The decision of council was perfectly proper. I weighed the matter well before the meeting and am positive that the code does not make it necessary for the appointment of another assessing board."

The sections of the code pertaining to the action are as follows: "In cases wherein it is determined to assess the whole or any part of the cost of any improvement in proportion to the benefits which may result from such improvement, as provided for herein, the council may appoint three

BIG TRAINLOAD OF RAILWAY MEN

Conductors and Their Friends to the Number of 1,000 Visited the East End.

ACREEBLY ENTERTAINED

The Visitors Shown Through the Laughlin China Company's Big Plant And Presented Handsome Souvenirs—All Deeply Interested.

Railroad conductors, their wives and sweethearts, to the number of 1,000 were most welcome invaders of the East End this afternoon. A special train of 15 coaches and a baggage car reached the switch at the Homer Laughlin China company's plants just at noon, having been delayed on the trip from Pittsburg almost an hour. In consequence the inspection of the Laughlin plants, which was the principal feature of the trip, was postponed until after dinner.

The ticket punchers were met at the train by the officials of the Laughlin company and the committee from Trades and Labor council, composed of Messrs. John Reark, William Cope, William Pittenger, Frank Martin and Fred Pennington and representatives of Wellsville Division No. 289, Brotherhood of Railroad Conductors, Messrs. F. J. Packer, J. P. Whalen and T. J. Kerr. The reception was informal, there being no addresses, as was at first announced.

Dinner was the first thing on the program, and the visiting railroadmen were escorted to Larkins' hall, where they were served by a local caterer and his assistants with a substantial lunch. Owing to the small size of the room all the visitors could not be accommodated at one time and many of them patronized the restaurants and boarding houses of the East End. Quite a number came down to the central portion of the city on the street cars and remained until time to return to the train.

The visit to the city was one of the side trips arranged every day for the members of the Brotherhood of Railway Conductors, whose representatives are holding the 29th convention this week at Pittsburg. The delegates of the convention were not with the visitors, the sessions requiring their presence in Pittsburg. The visitors represented every section of the United States and were a fine appearing body of men and women.

Their curiosity to see how pottery is made was quite unusual and Messrs. Aarons, Wells, Sterling and Ed Carson, Harker and other officials of the company were kept busy making explanations. The visitors were well pleased with their tour of the plants, which included every department, particularly with the souvenir presented by the company. This token had been pre-

pared particularly for the trainmen and was a handsome ice cream plate, tastefully decorated and embellished with the insignia of the Brotherhood. The departure of the train at 4:30 o'clock was all too soon for the visitors and they assured their hosts that this trip had afforded the most pleasure of any yet arranged.

Boys Accused of Theft.

Upon complaint of several proprietors of fruit stands and grocery stores a couple of boys were arrested this morning and taken before the mayor, charged with pilfering oranges and other fruit from the display benches on the streets. The urchins were given a severe reprimand and released upon their promise to never repeat the action.

COST WILL REACH ABOUT \$400,000

Engineers' Estimates of Expense of Building New East End Car Line.

LETTING OF CONTRACTS

Preparatory work for the construction of C. A. Smith's electric street railway line to the East End is progressing rapidly. The corps of engineers that have been working along the route for a week or more have nearly finished and will be ready to make their report in a few days. They are considered among the best engineers of the country, coming from the office of M. J. Bryan, well known as the owner of an extensive construction engineering agency, with headquarters at Pittsburg, and upon their work will depend the letting of contracts for the entire equipment of the road.

The engineers are determining the grades, elevations, condition of curves and streets for the purpose of estimating the amount of motive power that will be required to operate the line and the entire cost. When they are through the contract for both the railway and the electric light plant will be let. Mr. Smith estimates the total cost at a figure close to \$400,000. It is stated that in a very short time the estimates will be made, the contracts let and the work begun. The news will be received with pleasure by the general public, as it is the wish of practically every one in the city that the line be in operation in as short a time as possible.

The contracts for the rails will be given either to a Johnstown firm or one of Philadelphia. Contracts have already been closed for the furnishing of the ties, and it will be but a very short period until they arrive in the city.

VIOLENTLY INSANE

Lisbon Colored Man Arrested at New Brighton And Sheriff Sent For.

Lisbon, May 15.—(Special)—Sheriff Leonard received a telephone message from New Brighton, Pa., yesterday afternoon, stating that Thomas H. Gardner, a Lisbon colored man, has been locked up there, violently insane. Gardner was in Lisbon the first of the week and it was noticed that he was acting queerly. He was at one time cook at the county infirmary.

Sheriff Leonard went to New Brighton today to bring Gardner back to this county.

COUNCIL TAKES STEPS FOR ISSUE OF BONDS

Question of Providing \$59,000 to Meet Deficiencies, Etc., Goes to the Voters
June 1.

THE NECESSITY FOR THE BONDS IS GREAT

By a unanimous vote of the city council at the adjourned meeting held last evening a resolution was passed declaring it necessary to hold a bond election for the purpose of meeting the deficiencies in the several funds, general, fire, police, light, sanitary and interest. The date set for the election is June 1, between the hours of 12 and 6 p. m.

Solicitor George Davidson had prepared the resolution and after he and Auditor Davidson had explained the situation of the city's finances again the members of council took the matter up and voted for the election, each man expressing himself on the absolute necessity of the taxpayers of the city taking the matter up and under no consideration failing to cast a two-thirds vote in its favor.

There are few cities that have ever been placed in such a financial predicament. The funds are overdrawn many thousands of dollars. In order that the employees of the city might receive their salary for this month it was found necessary to renew notes of the city for which 7 per cent interest must be paid. This was done in violation of the code, but there was no other remedy. When the issue comes before the people it must either be passed or the city will be tied up. Council and the other boards have decided to do no more work or have any more done when the money is not in the treasury to pay for it, and if the bond issue fails the police, firemen and other officials will be notified to suspend work until the money can be secured.

The election will be for the issuing of bonds to the amount of \$59,000, which is 1 per cent of the total valuation of the city. According to the code only 1 per cent of the valuation can be bonded, and only after a favorable vote of the people.

By this action on the part of council the entire overdraft will be wiped out and the several funds will be placed once more on a sound basis. The tax levy due on June 20 will be sufficient to defray the expenses in the future, and as council and the other boards will contract for the payment of bills only when the money is in the treasury the funds will not again be overdrawn.

MRS. STOWE'S SUIT FOR \$250 DAMAGES

Case Before Court Growing Out of a Restaurant Sale at Wellsville.

Lisbon, May 15.—(Special)—The case of Charles and Margaret Stowe, of Wellsville, vs. Park Leach, is being tried by the jury today. The plaintiff charges that the defendant obtained possession of a lot of household furniture belonging to her and unlawfully converted it to his own use. She asks damages in the sum of \$250.

The case grew out of the sale of a restaurant in which Leach maintains that the articles seized by him were included in the deal.

NEW BOARDS ORGANIZE

W. L. Thompson President of Library Board And J. J. Purinton of Tax Commission.

The library board organized last night with the following officers: President, W. L. Thompson; vice president, Dr. W. N. Bailey; secretary, G. Y. Travis; treasurer, A. S. Young. Regular meetings will be held the first Friday of each month.

The new tax commission chose John J. Purinton president and Dr. William M. Calhoun vice president.

Strenuous Senatorial Contest.

Columbus, May 15.—(Special)—Word comes from Belmont county that the fight between Hon. J. C. Heinlein, of Bridgeport, and Hon. Charles Howard, of Barnesville, has reached the strenuous stage. It is stated that Howard's friends are industriously spreading the report that Heinlein is a Foraker man and that his nomination would be a good thing for Senator Hanna. This story is strongly resented by Heinlein's friends.

Died of Spasms.

A BANNER DAY FOR THE VOTERS

Almost 4,000 votes were cast in the News Review's voting contest yesterday and the totals of several of the leading candidates for prizes were largely increased. It was the last day for Series C coupons, and holders of votes of that series hustled them in in great quantities.

A new series of votes—E, good until June 15—starts today. Though Series D votes will be valid up to and including the last day of this month, they should now be sent in as rapidly as possible. This will not only facilitate the counting, but lend additional interest to the contest, which is now attracting more attention than ever.

IMPORTANT GAINS MADE

Every reader is urged to save his votes and bring or send them to the News Review office, marked with the name of the candidate favored by the voter. This takes very little work, and the favor is one the candidates will certainly appreciate.

The following candidates have received 100 votes or more:

WITH THE WORKMEN IN THE CLAY PLANTS

FIRST TIME HONORED.

Local union No. 32, printers and transferers, are highly elated over the election of one of its popular members, William Elder, as second vice president. This is the first time in the history of the Brotherhood that a national officer has been selected from their ranks and Vice President Elder should feel proud over the distinction. It is stated that his campaign was strategically managed by Ed. Hutton, whose wonderful agility in getting over the ground enabled him to see all the delegates before the other candidates had gotten fairly started. Mr. Elder will make a popular and efficient officer.

DUFFY IS BUSY.

President Duffy will be a very busy man for the next two weeks. He has assumed the duties of an office not entirely familiar with him and will in addition have to coach Ed. Menge, the new secretary, until that gentleman learns the ropes. One of President Duffy's first and most important

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take, and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

LISBON COLONY IN CLEVELAND

Men of Prominence Who Were
Born and Reared in
This County.

A NATIONAL REPUTATION

Won By Some Who Are Proud to
Claim, Columbiana's County Seat
As Their Early Home—Spots of
Historic Interest About the Town.

Great preparations are being made for the centennial celebration of the founding of this town, known in its early history as New Lisbon. June 17 and 18 promises to be great days for this historic town. Citizens propose to observe the occasion with speeches, music, including the "ponderous drum and shrieking fife," fireworks and an imitation of the Morgan raiders, who threatened an advance on the old village in 1865.

There is a large colony of New Lisbon people in Cleveland, says W. W. Armstrong, in the Cleveland Press. The Hannas, the Armstrongs, the Delenbaughs, the Garretsons, the Whitacres, the McCords, the McClymonds, the Millers, the Potters, the Briggs, and many others now living in Cleveland and hosts of others from far and near will return to be present at the reunion.

Rev. Louis Kinney, a Baptist, with true Scotch-Irish instinct, bought the land upon which the town was built. He succeeded in securing somewhere an appropriation of \$150 for a log house. The town drew recruits from Pennsylvania, Maryland and Virginia and in its early days it was the most important point in northeastern Ohio.

Clement L. Vallandigham and M. A. Hanna are two native New Lisbonites to attain national prominence in public life.

Vallandigham was in congress just before the war and for his unfortunate position of public questions there he achieved a notoriety which was then world-wide, yet he always claimed that he was for the union and the constitution. He entered public life early and was an accomplished speaker.

Hanna, much younger, did not enter politics until he had accumulated a fortune. He inherited his oratorical force from his father, Dr. Leonard Hanna.

Four of Lisbon's sons reached the rank of major general. They were Gen. W. T. H. Brooks, Gen. "Reb" McClellan, Gen. Alex. McDowell McCook and Gen. George A. Garretson. There were others who were brigadier generals and colonels, and in the little cemetery on the hill can be observed monuments of several majors, captains and lieutenants. Lieut. Commander John J. Cornwell and some others represented the old town in the United States navy. Of educators there were David Anderson, Joseph E. Vance, Jessie Holmes, and Mrs. Taber, who before the days of common schools, were engaged in teaching the young ideas how to shoot. There will be many who will visit the grave of David Anderson, "Old Dave," as he was styled, to pay their respects to the memory of the schoolmaster, who had rough ways, but a tender heart.

William H. Gregg, publisher of the Ohio Patriot, established in 1808, has several copies of his paper containing the sheriff's advertising from Cuyahoga county, there being no paper published in Cleveland at that time. Cleveland is now 100 times greater in population than Lisbon, yet she is not prouder of her growth than is the little town on Beaver creek of her age.

Mrs. Virginia Lepper, widow of Charles W. Lepper, first cashier of the Cleveland Citizen's Savings bank, and a daughter of ex-Sheriff Peter Cornwell, one of the first settlers of Lisbon, died in Cleveland recently. Five years ago Mrs. Lepper donated \$10,000 for the erection of a library to be known as the "Lepper library." It is one of the most beautiful public buildings in the town. One year ago it was changed to a public institution. Before the death of Mrs. Lepper she sold all of her diamonds and jewelry and donated the proceeds to the church to which she belonged.

Lisbon is full of historic spots—the house where Vallandigham was born, the house where the mother of William McKinley lived as a young woman, the grave of the grandfather of President McKinley, the well remembered old tavern and many other points that will be remembered by those who return, after years of absence, to the home of their childhood.

Don't allow the idea that Hagee's Cordial of Cod Liver Oil is greasy, nauseating, sickening, like ordinary cod liver oils, prevent a trial of this remarkable spring remedy. Hagee's contains all the active medicinal properties of cod liver oil without the greasy—the fishy taste.

GUN CLUB SHOOT

Good Scores Made at the Columbian
Practice Shoot
Yesterday.

The Columbian Gun club held its
shoot yesterday afternoon at its
grounds above Columbian Park and
the shooting was of excellent mark-
manship. Dr. Jackman made two
straight scores of 15 birds. Dr. J. H.
Davis made one straight score. The
shooting of Councilman Johnston was
good. He secured 14 out of 15 birds,
but in his total of shooting killed 53
out of 65 birds.

Dr. Jackman and Councilman John-
ston were slightly hurt by the rising of
their gun barrels. The new powder
that the gun club was experimenting
with is stronger than that usually
used.

Missionary Society.

The Ladies' Missionary society of
the Second U. P. church held an ex-
ceptionally good meeting at the par-

well attended. There were five vis-
itors also present. The routine busi-
ness of the society was transacted
and the subject on home missions
was "Cuba and Porto Rico," and the
foreign subject, "Siam and Laos." After
the regular meeting was held an
enjoyable social hour was spent.

NO CHANCE AT ALL FOR THE DEMOCRATS

REPUBLICANS WILL CARRY BOTH
BRANCHES OF LEGISLATURE.

Close Counties Represented By Repub-
licans No Longer in Exis-
tence in Ohio.

Columbus, May 15.—The result of
the last election in Ohio for members
of the Seventy-fifth general assembly
shows conclusively that unless there
is a break in the Republican column
in Hamilton county there is no chance
for the Democrats to defeat Senator
Hanna for re-election.

Up to the past five years there were
an unusually large number of close
Republican counties, among which
might be mentioned the joint Adams-
Pike district, Van Wert, Hardin, Wil-
liams, Hancock, Paulding and Ross
counties. But the last election for
assemblymen swept every one of these
counties into the Republican column
safely with the single exception of
the Adams-Pike joint district.

There were 68 Republicans in the
last house and 42 Democrats, the lat-
ter including the solid Cuyahoga coun-
ty delegation. The Republican major-
ity was 26 votes, making necessary
a change of 14 votes in the entire
membership to give the Democrats
the next house.

There was but one close county
in the last house represented by a
Republican, Erie, where Hon. W. E.
Guerin had a majority of but 16 votes.
The close Democrat districts were:
Adams-Pike, joint, J. W. Guthrie 48
majority; Coshort, J. A. Findley,
142; Guernsey, Hon. W. L. Simpson,
375; Highland, Hon. N. P. Clynburn,
103; Knox, Hon. Patrick Perry, 141,
and Tuscarawas, Hon. W. A. Gold, 227.
Of these Messrs. Guthrie, Simpson,
Clynburn and Perry were renoma-
inations. Every one of these counties
are likely to be carried by the Re-
publicans.

In the senate the Democrats had 12
members and the Republicans 21, a
Republican majority of 9. In that
number Senators Harrison, Godfrey,
Overfelt and Judson represented dis-
tricts that had before been safely
Democratic. The Cuyahoga county
delegation was solidly Democratic.
A review of the senatorial outlook
at this time is that every district
represented by a Republican in the
Seventy-fifth will remain so.

Two years ago the people of Ohio
demonstrated that they were sick of
Johnson and they will emphasize this
view this fall. With a splendid na-
tional and state administration, good
times, prosperity and a high state of
the general welfare it does not seem
possible that there will be any reversal
of the public judgment on Repub-
lican men and measures. But no
chances should be taken in nominat-
ing a legislative ticket.

IMPROVEMENT MEASURES MUST PROCEED SLOWLY

Ordinances Cannot Be Rushed Through
Under the New Code—Consid-
erable Red Tape.

The course laid down in the code
for the procedure of council in the
passage of an improvement measure
has been found to be a most rounda-
bout one. Under the old system there
was a lot of trouble and red tape
generally considered unnecessary, but
under the present arrangement as much
caution is observed in the passage of
a street grading ordinance as in the
adoption of the Panama canal bill.

Council must first adopt an improve-
ment measure by passing a prelimina-
ry resolution declaring the necessity
of the work. However, before this can
be done it must emanate from the
board of public service. After the
passage of this resolution it must be
printed once a week for from two to
four weeks and then embodied in an
ordinance setting forth all details of
the procedure, the manner of doing
the work and of paying for it, etc.

Then comes the crowning provision
of the code, which to some seems ab-
solutely unnecessary. Twenty days
after the passage of the ordinance, an-
other must be produced and passed.
It has the same provisions and is prac-
tically the same ordinance. This
makes the one further provision that
work shall begin forthwith. This third
measure must be passed as the others
with three readings and a three-
fourths vote. After it is passed a sec-
ond notice is given that ground may
be broken for the work.

Under the system of passing im-
provement measures it is estimated
that many weeks will be necessary to
get any improvement through council,
and it is advised that if the body
wishes to have any work done this
summer that they take it up at once.

The X-Rays.

Recent experiments, by practical

A Healthy Trade In China

This department is enjoying the greatest trade
since it was started. We take good care to see
that goods are here that people want and that they
are different from other lines around us. We also
take good care that the prices are popular, the va-
riety unexceptional and the grades of China now
now to be duplicated. Some of the prices that we
hear of being quoted, seems to us to almost be a
prohibitive act against purchasing. We have just
received a large shipment of Fine German China,
which is on display in our show window. Below
we quote a few prices:

Bread and Butter Plates 10c	Tea Cups & Saucers 75c a set
Breakfast Plates 13c	Oat Meal Dishes 10c
Fruit Plates 15c	Spoon Trays 19c
Chocolate Pots 49c	Pin Trays 10c

By providing for an election to take action on a proposition to issue bonds to relieve the financial embarrassment of the city, council has taken a step which is most commendable. The city has its obligations to meet and cannot meet them without money. It is folly to borrow and pay 7 per cent interest when there is a simple way to get the money and pay only 5 per cent for it. While there will naturally be regret on the part of the citizens that the city's debt must be added to, the necessity exists and the money should be voted without hesitation. It will be far easier to pay it by distributing the payment of principal and interest over a series of years than by a tax levy to pay it in a lump sum. Considering the wealth and population of the city, its prospects for rapid future growth and the improvements which have been carried out, there should be no alarm over the situation and no difficulty in meeting the payments on existing obligations as they mature. The course of the board of public safety and the city council in determining to rid the city of financial methods of a questionable if not absolutely illegal character is one that cannot be too strongly approved. A strict regard for the law as well as for the interests of the city cannot fail to result in economy. Business methods alone will straighten out the present

tangle. And the proposition to get money for immediate use at the cheapest rate possible is certainly "business."

"Said President Roosevelt at San Francisco: 'It is a good lesson for nations and individuals to learn never to hit if it can be helped, but never to hit soft, and I think that it is getting to be fairly well understood that is our foreign policy. We do not want to threaten; certainly we do not desire to wrong any man. We are going to keep out of trouble if we possibly can, but if it becomes necessary for our honor and interest to assert a given position we shall assert it with every intention of making the assertion good.' In other words, Uncle Sam never speaks unless he has something to say. What he says, he means. The great nations of the earth are learning that the United States is one of the greatest, and that its wishes are not to be ignored.

The president's visit to the Pacific coast states and his speeches at San Jose, Watsonville, Santa Cruz, San Francisco and other points serve to call attention not only to the remarkable industrial progress of that section of the Union within the last few years, but to the growth of our interests in the Pacific. In his speech at Watsonville the president, referring to the Pacific, said: 'This, the greatest of all the oceans, is one which during the century opening must pass under American influence and, as inevitably happens when a great effort comes, it means that a great burden of responsibility accompanies the effort.'

America, being a big country and a rich one, is able to spend on its pleasures sums which reach enormous totals each year. There are plenty of amusements which have a place on the country's balance sheet in the hundred-million class, but most of them are of a kind in which all or nearly all of the people participate to a great extent. One form of pleasure, however, which comparatively few people can enjoy, and which yet ranks high in the total amount spent on it, is foreign travel. An expert in the navigation business has been recently making an estimate of what our tourists will spend abroad this year, and he places the amount at \$100,000,000.

The Carnegie library is an institution in whose prosperity all East Liverpool should be interested. That the people appreciate the advantages and benefits it offers them is abundantly shown by its rapidly increasing patronage and expending influence. There should be no hesitation, but instead an eagerness, to take advantage of the offer of Prof. W. L. Thompson to donate \$1,000 to the library for its immediate needs, provided a like sum is donated by citizens. The money will certainly be well invested, and we are confident it will be forthcoming.

Toledo will dedicate a handsome McKinley memorial statue on July 4, being among the first of Ohio's cities to erect such a memorial. In honoring the dead statesman's memory Toledo is herself honored.

According to Mr. Cleveland, Judge Harmon is a pretty good Democrat, but he doesn't weigh 300 pounds.

OBITUARY

Mrs. Lettie Walton.

The funeral of Mrs. Lettie Walton, of Erie street, took place from the late residence at 3 o'clock this afternoon. The interment was made in Riverview cemetery. Mrs. Walton was aged 77 and succumbed to an illness of 16 days' duration. She was taken seriously ill shortly after coming from her former home at Marietta. Mrs. Walton is survived by a large family, all of whom are married and reside in the East End, with the exception of one daughter residing in Marietta, Mrs. Jane Poole. The other daughters are Mrs. Florence Hoff

LITTLE FOLKS DELIGHTED

Gentry Bros.' Circus Is Here With Many Striking New Features.

The little folks of the city are delighted. Gentry Bros.' famous show—a circus in miniature—with Lilliputian trained animals, complete in all the essentials of a great show, is here and will exhibit this afternoon and evening at the West End park. The show makes a hit wherever it goes. It has been seen here before and was highly appreciated.

A street parade preceded the exhibition and it was first-class. This year the show has been rebuilt with many new additions, and the general verdict is, "better than ever." Many bright, laughable and interesting acts, not seen here last year, have been added to the performance, and even the remarkable loop-the-loop is here performed by a cunning little monkey in a most sensational manner.

The show is full of laughable situations and not a tiresome act is on the program. It is a clean show and the people will give Gentry a packed canvas.

PUBLIC SAFETY BOARD ENTERED ON ITS WORK

Continued from First Page.

It was decided for the entire board to make an investigation of the central and East End fire stations on a day to be named later, of next week. One proposed that the members go singly but the suggestion was not favorably received.

In anticipation of the receiving of numerous applications for positions on the police force and in the fire department, a plan was talked of by which the members hope to secure a few men that can be called upon at the time needed. Mr. Taylor stated that he thought it would be a good idea to select about four well built and physically strong men for the position of firemen; see that they will fill the requirements; give the fire chief orders to allow them to loaf around the fire station that they may get acquainted with the work and then when the time comes that one is needed a green horn will not have to be appointed. The proposal was looked upon favorably and will likely be adopted.

William Copestick had informed one of the members that he is not satisfied with the position of constable and asked that he be in some manner connected with the East End fire station. Action on the request was deferred.

The police department was not the subject of so much comment. The supposition is that the members intend leaving the police to a degree under the perfect control and management of Chief Wyman, who they consider well able to care for his underlings. However, they were not entirely forgotten. One member suggested that provision be made for the policemen to make an hourly report by a telephonic or telegraphic system to be connected either with central fire station or the city hall. The member argued that boxes are already stationed over the city and that the cost would be but little. He thought that by this means the whereabouts of the policemen will always be known. It is likely that the plan will be adopted at no distant date.

Frank Johnson had written the board for appointment on the police force. His application was a thorough one. He referred the board to several prominent men of the city, gave his pedigree and stated that he had had some experience in the work. Upon motion the application was received and placed on file.

The question as to whether or not John Wyman can remain chief of police was given much consideration, but was finally laid over until some-

thing more definite can be learned. Mr. Taylor stated that he would like to let his two years' salary that Mr. Wyman will stay and Mr. Ogilvie thought that he could not be removed. The opinion of the remainder of the board could not be learned.

Some discussion was indulged in when the matter of holding the next meeting was introduced. One wanted it on Saturday night, another on Monday night, but a decision was reached to set the date for next Wednesday evening.

WELLSVILLE

FOUND HIS WIFE DEAD LYING UPON THE FLOOR

G. B. Eastlake Made a Horrifying Discovery Upon Returning to His Home.

Mrs. Nellie S. Eastlake, wife of Express Agent G. B. Eastlake, died at her home on Hill street, Wellsville, yesterday from heart disease. Mrs. Eastlake was standing in the yard holding her seven-weeks-old child when Mrs. Roberts, a neighbor, asked her to go with her to see the circus parade. She said she would, but told Mrs. Roberts to wait until she got a wrap for the baby. She went into the house and failed to return. Mrs. Roberts, not thinking of anything being wrong, went to see the parade. About 12:30 when Mr. Eastlake went home for dinner he was horrified upon opening the door to find his wife lying dead on the floor with the child clasped in her arms. He at once ran for a physician, but the last spark of life had vanished. The little child had a large lump on its head, made no doubt by the fall.

Mrs. Eastlake was about 24 years old and is survived by her husband and child and her parents, who live at Lindenville, O., where the remains were taken this morning for burial. This is one of the saddest deaths which has occurred in this city for some time and the sympathy of the whole community are with the heart-broken husband, the motherless child and sorrowing parents. Mr. and Mrs. Eastlake came to this city last September and during their residence here have made many friends, and her sad and untimely death was a terrible shock to them all.

day afternoon and was assessed \$8.60. Mills is the young man who, on last Monday evening, had some trouble with Elma Walters, the "White Swan." She came here Monday evening about 10:30 o'clock and swore out a warrant for Mills' arrest. She charged him with having tried to kill her by placing her on the street car track near her home, midway between this city and East Liverpool. When she came here she was pretty badly used up. Her eye was black, her clothes torn and muddy and her lip badly swollen. She also said he tried to choke her.

When arraigned before the mayor Mills told a different story. He said he did beat her, but she was to blame. He said he went home with her and as they alighted from the car she began a fight and struck the first blow. She was carrying a basket filled with different articles and it was with this she hit him. He defended himself and she got the worst of the argument. He acknowledged that he was intoxicated, but is not sorry for what he did, as he thinks she got only what she deserved. The woman has left this section and her whereabouts are not known. The fight was over Mills being with another woman.

Public Service Board.

The Wellsville board of public service held a short meeting yesterday, but transacted very little business. Mr. Stewart was elected vice president of the board. The clerk was instructed to order a complete set of supplies for the cemetery sexton's use. John Russell asked the board that a larger water main be laid on Applan way, as

the present line is too small to supply the residents. The bond of Street Supervisor Alex Culp was read and approved. After this business the board went to the cemetery and made a thorough inspection. They meet again this morning when the report was made.

Fought And Were Arrested.

Bob Sinclair and Bert Kissner had a fight last evening on Main street, near Third street, and both were arrested. They were taken to the city hall, but were released and will have a hearing this evening at 7 o'clock. It is alleged that Sinclair started the fuss and struck the first blow. Kissner did not want to fight, but when struck he pitched in and defended himself. When it was all over Bob's physiognomy was considerably damaged. What the fight was over could not be learned.

THEIR COAL INTERESTS

Attract a Party of New York Capitalists to Shipping-port.

Officials of the Beaver Coal company, which has large coal leases in Beaver county, Pa., and Hancock county, W. Va., passed through Chester today on their way to Shippingport, where they are at present erecting coal bins on the river. The party consisted of D. C. Colbert, R. H. Miller and T. S. Mulcahy, all from New York city. The gentlemen stated that the interests of the company demanded their presence to make future preparations for the carrying out of the development of the coal lands and other arrangements that might be necessary as soon as the extension of the Panhandle railroad from Moravia will be commenced.

It is thought their visit may have considerable to do with an early commencement of the extension of the railroad. The gentlemen would not give out much information for publication.

DECIDED TO HAVE EQUALIZING BOARD

Continued from First Page.

name to be voted on and three will be selected to act on the board. The resolution which follows pertaining to the appointment of the board was not acted upon, but will be passed at the next meeting:

"Be it resolved by the council of the city of East Liverpool, Ohio, that and three dis-interested freeholders of the corporation, be, and they are hereby appointed to act as an equalizing board, to hear the objections to the estimated assessment heretofore reported to council by the board of improvements, of the costs and expenses of improving Pennsylvania avenue, from Lot No. 1589 to the East End school building, and to equalize the same in such manner that the assessment upon any lot or parcel of land shall not exceed the special benefit conferred thereon by said improvement, distribute the assessment among the several lots and parcels of land in the proportion, that the special benefit to each lot or parcel of land bears to the whole special benefit conferred by the said improvement, and the objections to be determined and the assessment equalized according to law. Said board shall meet at the council chamber in the city hall on the 18th day of May, 1903, at 9 o'clock a. m., and shall report such equalized assessment to council at the earliest period of completion."

The ordinance granting the C. C. Thompson Pottery company an extension of time for the switch that it occupies on the state road was referred to the ordinance committee and the ordinance establishing the office of clerk of council was placed on its third reading and final passage. By the ordinance the clerk is to get \$200 per year for his services.

Through forgetfulness Mayor Weaver did not make his appointment of the member of the board of health at the last meeting and it was handed to council last evening. Mayor Weaver was only compelled to make one appointment, notwithstanding that the terms of two members expired last week. He appointed Dr. W. E. Mowen, one of the retiring members, and the appointment was unanimously confirmed. This board will likely hold a meeting tonight and organize.

Notice was given that the board of public service, board of public safety and tax commission wish to meet with council and the body adjourned until next Monday evening when a joint meeting will be held.

We are showing the handsomest line of men's and boys' Suits in the city. It will pay you to call and see them.

NARROW ESCAPE FOR THE DRIVER

TEAM HAULING A HEAVY CIRCUS
WAGON RAN AWAY.

Four Horses Made a Wild Dash Down
the Hill to the
Railroad.

Driver Ike Hahn, of Gentry Bros' circus came near being killed this morning while the show was unloading at the lower freight yards. That he escaped is due entirely to his presence of mind and the fact that one of the horses he was driving fell.

A wagon weighing nearly seven tons had been taken from the cars and was headed up Walnut street. Hahn hitched four horses to the wagon, which was loaded with tresses, and an attempt was made to haul it up Walnut street. The outfit was the heaviest belonging to the show, but the two teams made good progress until East Third street was reached, when the horses stalled. The driver tried in vain to induce the animals to go forward, but they were unable to do so.

The lead team finally began to sway from one side to the other and finally turned completely around. The wagon was so heavy that it ran onto the horses and they became frightened. All four horses began running at the same time and the ascent of the steep hill was made at a breakneck speed. Just as the wagon reached the railroad one of the horses fell. The heavy wagon was going so fast that there was no time to get the horse out of the way and the front wheels ran directly into it.

The driver had a narrow escape when the collision occurred, and the horse was badly injured. A gash was torn in its hip and its hind legs were badly bruised. The wound on the animal's hip is about five inches long and very deep. The harness was removed as quickly as possible and the horse taken to the office of Dr. McFarland, where it is now being treated. The show people changed the course of their operations and used Broadway for the remainder of the day.

We have the coolest and handsomest line of summer shirts in the city.

REALM OF SPORTS

THE SLEEPLESS TEAM WAS WIDE AWAKE

Mill Men Stood No Show Against It in the Base Ball Game Yesterday Afternoon.

The Sleepless Shoe company ball team walloped the tin mill men at Rock Springs park yesterday afternoon in a game full of hard hitting and ragged fielding. Both teams, it was claimed, had several "rings" on the field. "Hap" Reark donned a uniform for the first time this year and twirled a pretty game. His benders and twisters were too much for the mill men at critical stages. In fact, indeed, there was such a stage. Mr. McClure, of Wells-ville, pitched for the mill men and was touched up for 17 hits. His support was of the yellow order, his teammates making 13 errors.

Wallace, Davis and Harker, of the Y. M. C. A. team, played with the Sleepless team, and were factors in the result. Davis hit safely three times, Harker made three and Wallace four. Russell led at the bat for the mill men. Stapleton could not hit the ball, but the ball hit him. Out of six times up, five were strike outs and the other time he was hit by the pitcher.

Both teams scored four runs in the first inning, but after this the Sleepless team pulled ahead and won easily. Following is the summary:

Sleepless.....4 2 4 0 1 0 0-22
Mill Men.....4 2 0 3 0 1 0-10
Hits—Off Reark, 11; off McClure, 17.
Struck out—By Reark, 4; by McClure, 19. Errors—Sleepless, 6; Mill Men, 13. Two-base hits—Davis, Wallace, Anderson, Russell, Dawson, Law, Ker-nott. Three-base hit—B. Pope.

A STRONG LINE UP FOR THE GAME

To Be Played With the Westinghouse A. C. Tomorrow—Four Foreigners Signed By Capt. Reark.

After several days spent in correspondence and dickering with players in regard to salaries, Captain Chick Reark was able last evening to name the lineup for tomorrow's game with the Westinghouse Athletic club. It will be one of the strongest ever played under East Liverpool colors and if the visiting team is half as good as it is cracked up to be the game will be well worth seeing.

Captain Reark announces that the following lineup will not be the permanent one, it being his intention to make several changes and thereby materially strengthening the team: Peiper, catcher; Winters, pitcher; Gibson, short stop; Wallace, first

base; Heffelfinger, second base; Davis, third base; Brown, left field; Reark, middle field, and Reilly, right field.

Peiper hails from Dayton. He is a brother of the big boy who is among the Jamestown professionals. His past record is a good one and it is thought he will make good with the locals. He is said to be an all-around player, being firstclass behind the bat and strong with the stick.

Heffelfinger comes highly recommended from Galion, O. He is a six footer and weighs 180 pounds. He played last year with Warren, the year before with Crestline and in 1900 with Bucyrus. He has a reputation as a batter, outfielder and at second base. The latter position he played while with the Crestline team. It is said that he is fast and covers an unusually large territory.

Brown is well known in the city, having played several times in West End park. He is from Beaver Falls and will no doubt fill the bill in the field.

The lineup of the Westinghouse team will be as follows: O'Leary, catcher; Bretsnyder, pitcher; Charter, short stop; Ferguson, first base; G. Chambers, second base; Maloney, third base; Hiser, left field; Ravey, middle field, and J. Chambers, right field.

This team has never appeared on a local diamond, but has a good reputation and will likely give the locals a fight for the victory.

Great Season for Horsemen.

If New York horsemen are not over-enthusiastic about the matter, this is to be a great season for the light-harness horse lovers of the metropolis. They say that the game is making the greatest kind of a hit in the east, and that the crowds will be turned away from the Empire City track this summer. James Butler, president of the Empire track organization, and owner of Direct, looks for the greatest season that the New Yorkers have ever known.

Won by the V. A. C.

The Victor Athletic club yesterday defeated the second Y. M. C. A. team by a score of 16 to 3. The lineup was as follows:

V. A. C.—Vervin, catcher; Smith, pitcher; Miller, short; Yountz, first; Winters, second; Bridge, third; McNicol, left; Nellis and Russell, middle; Kauffman, right.

Y. M. C. A.—Mackey, catcher; Mackey, pitcher; Gibbons and S. Bucher, short; Geon, first; Watkins, second;

Read This—It Costs You Nothing

And May Be Worth Thousands of Dollars to You.

Mr. H. K. Mitchell, of New Philadelphia, O., speaks of Life Plant in the following emphatic language:

Life Plant is a wonder. We have used it in our family for nearly a year and find it to be all that is claimed for it in giving tone and vigor to the system. It certainly cures rheumatic trouble. In fact I believe it will cure any disease that is reached through the blood.

We guarantee the genuineness of every TESTIMONIAL. The above was indeed a remarkable cure, but it was simple and easy when the proper method was followed. It is a notable fact in science, that disease germs can not exist in pure matter. There must be some impurity else they die. You might arrest a disease by local application, and take some poisons fatal to disease germs, but you cannot hope for a cure by that system of treatment. You must get at the cause. Impure blood is the cause of practically ALL diseases. To cure any disease you must by some means purify the BLOOD. Scrofula, Salt Rheum, Rheumatism, Eczema, Hives, Tetters, Catarrh and Asthma, are the most familiar forms of blood diseases. Life Plant purifies the BLOOD. It renews LIFE, it restores the vital element in the BLOOD. That is why it cures diseases, and prevents disease. It is nature's way. It's the common sense way. Try it NOW. DELAY is DANGEROUS.

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S. There is hardly a man, woman or child in America who has not heard of "S. S. S. for the blood." It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Psoriasis, Anemia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetter, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. THE SWIFT SPECIFIC CO., ATLANTA, GA.

ANNIVERSARY OF THE LIBRARY

Celebrated With a Pleasing Program of Music and Oratory Last Night.

EXCELLENT START MADE

Toward Securing the \$2,000 Proposed Donation—Addresses By J. J. Purinton, Rev. C. G. Jordan and Dr. M. B. Pratt—Large Audience Present.

With appropriate and pleasing ceremonies the first anniversary of the opening of Carnegie library was celebrated at the institution last night in the presence of several hundred people who have shown a great interest and helped materially toward its success. While the first year of the library has been attended with a substantial growth, both as to the number of volumes and patrons, a much wider extension of usefulness is promised before the next anniversary is at hand.

A good start was made toward securing the necessary fund of \$1,000, which will entitle the institution to a like amount, the gift, under this condition, of Prof. W. L. Thompson. There is little doubt but the amount will be secured in a brief time, but this is not the entire program for the year. It is the earnest desire of the library trustees, the librarian, Miss Baker, and her assistants to secure sufficient funds for the purchase of new volumes that will place the institution in a foremost place in the state and add to the enjoyment of its patrons.

Last night the assistance of many of the leading citizens was pledged in this campaign, and with the well directed and untiring efforts of the trustees and librarians the objective is certain to be attained.

Preceding the ceremonies the newly appointed board of trustees held a meeting to talk over the affairs of the institution and map out a plan of campaign. The election of officers of the board was the most important business to be transacted. Following are the new officers: President, Prof. W. L. Thompson; vice president, Dr. William Bailey; secretary, G. Y. Travis; treasurer, A. S. Young. The other members are Messrs. Thomas Collins and J. J. Weisend. The board will meet at stated intervals and keep in close touch with the affairs of the institution. Prof. Thompson's election to the presidency is a just recognition of his past services and generosity for the library.

An excellent musical program had been prepared and when the first number was announced the building was comfortably filled with citizens interested in the welfare of the institution. J. J. Purinton, a member of the retiring board of trustees, acted as master of ceremonies. He made a brief address, stating that it was partly the object of the gathering to acquaint the people with the needs of the library and awaken an interest that will help the new board in the work of increasing the book purchasing fund.

Mr. Purinton's address was an eloquent and impressive one, showing the good the library is doing, the chances for future expansion and the necessity for cordial support and public cooperation in maintaining the excellent educational institution.

A double quartet from the high school sang a song that called forth merited applause and the boys were compelled to respond to an encore. The quartet is composed of Charles Gaston and Ben Bennett, first tenor; William Rhodes and Blaine Cochrane, second tenor; William Cripps and John Evans, first base; Francis Ryan and F. Gardner, second base. Their accompanist was Miss Maude Barlow.

Rev. C. G. Jordan stated that he had been called upon to talk for just five minutes, to get all present in a happy mood. He could see that all were happy, so the address was unnecessary. But he went on with his remarks and even if his hearers had been happy at the start they were more so when he had concluded.

Miss Elizabeth Hamill followed with a beautiful piano solo, "Earl King," that delighted all. Miss Hamill has no superior in this section as a pianist and she never fails to please.

Another pleasing instrumental number was the violin solo, "Scene, Balade," perfectly rendered by Miss Lida Kountz. Miss Kountz possesses a rare ability as a musician and is a talented performer.

Mr. Purinton then read a brief report from the librarian dealing with the facts and figures of the actual operation of the library during its first year of existence. A most satisfactory condition was revealed, and the pride of the retiring trustees and the librarians in their work is certainly pardonable.

Miss Maude Carr played an exquisite solo, "Caprice Espagnole," which displayed her rare accomplishments and won her much applause.

Rev. Dr. Pratt then made a brief address, calling attention to the library as one of the greatest influences for good in the community. If the people fully understood its significance he thinks even the present commodious edifice would be insufficient as a home for the institution. The colleges reach but a small number and for the people in the rush and hurry of everyday life the library is most essential. It should not only be permitted to exist, but privileged to live. It should be equipped with the books the patrons ought to read, as well as those they want to read. In conclusion he pledged the support of his people toward widening the scope of the institution.

Dr. Pratt suggested that there be a general rally on the Fourth of July in connection with the patriotic celebration. Either on that day or the following Sunday collections and con-

Dr. Pratt suggested that there be a general rally on the Fourth of July in connection with the patriotic celebration. Either on that day or the following Sunday collections and con-

tributions for the library could be collected in the different churches and the schools could have a part in the work. The idea is an excellent one and the trustees give it cordial endorsement.

Miss Weaver, another talented pianist, played a delighted solo that was appreciated by all.

The Gwendolen quartet, composed of Misses Margaret Baxter, Sara James, Margaret Harrison and Claire Scott, sang a very pretty ballad, "Pretty Jane" and responded to an encore with the ditty, "The Busy Bee."

This concluded the regular program, but many remained to pass a few moments in social chat and in inspecting the tastefully arranged and decorated rooms. The trustees and librarians are to be congratulated on the success of the evening.

To Miss Mary Hall, assistant librarian, is the credit for arranging the splendid musical program. She was also responsible for the idea of holding the anniversary and is to be commended for her every effort.

Roosevelt an LL.D.

Highest Honor of State of California Conferred on President.

GREETED WITH HARVARD YELL

Commencement Exercises at University—Four Hundred Students Receive Degrees—School Children Line Streets.

San Francisco, May 15.—President Roosevelt bade farewell to San Francisco, his last day, like the others here, having been so completely taken up that it served to verify the smiling remark he made Wednesday, that the city of the Golden Gate had given him everything except sleep.

Early in the morning the presidential party, with an escort of sailors and marines, left the Palace hotel and participated in the dedication of the monument commemorating the victory of Commodore Dewey and his fleet at Manila bay. Here the president dwelt strongly on the necessity of a stronger navy and of practical training at sea.

Then a trip was taken across the bay to Berkeley, the home of the University of California, where the president spoke at the commencement exercises. The citizens of Oakland next claimed Mr. Roosevelt's presence.

Following came a visit to Vallejo, where the cornerstone of the navy's Y. M. C. A. building was laid.

Inspection was then made of the Mare Island navy yard, and the party returned to the Union League club banquet in the evening.

Shortly after midnight the president left to view the Yosemite valley.

Berkeley, Cal., May 15.—The citizens of Berkeley united with the members of the faculty and students of the University of California, in tendering a tremendous ovation to President Roosevelt and party. Long before the hour set for arrival of the special train the school children of the city, gaily festooned with flowers, assembled on either side of the street leading to the university entrance. The thoroughfare had been brilliantly decorated for the occasion, and when the presidential party passed up the street the avenue was carpeted with blossoms.

Carriages and a committee of representative citizens were in waiting at the Berkeley station and the drive to the new amphitheater at the university, where the commencement exercises were held, was taken up immediately on the arrival of the president. As he stepped from his carriage and made his way to the amphitheater he was surrounded by 16 cavalrymen. He wore a hood and gown, in conformity with the degree of doctor of philosophy.

The program had been timed so that the presidential party arrived just before the conferring of degrees by Governor Pardee to the members of the graduating class.

After the cheers which greeted the appearance of the president had subsided the student body greeted the head of the nation with the Harvard

FIFTY CENTS A MONTH

A small bottle of Scott's Emulsion costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort.

Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Ordinary food frequently lacks this nourishment; Scott's Emulsion always supplies it.

Her Housework Easily Performed After Taking Blood Wine

Women who find it difficult to do their housework, who drag about their home with hardly energy enough to lift a broom, who are all tired out, who ache, are lame, languid and distressed, will find in "Blood Wine" a medicine whose peculiar strength-giving properties make it impossible for these all too common ills to exist. A great many women neglect themselves, and disease follows. "Blood Wine" should be on the kitchen shelf of every home. If taken when one enjoys good health it will keep one from getting out of order. If taken after disease has fastened itself upon the system it will quickly throw it off.

Mrs. Elizabeth Marsh of 22 Isabella St., Boston, Mass., owes her present good health to "Blood Wine," though she almost died before she got hold of the medicine. She says:

"I suffered for years with a general run-down condition, due to a bad condition of the blood, which produced a type of dyspepsia. I had at times pains that almost drove me wild, and that left me with scarcely strength enough to get around. A friend, one day, to whom I was telling my story, asked me to try 'Blood Wine,' as it had done her so much good. So I did. I began with small doses and increased as I improved. I soon got so I could eat bread and milk. Continued with the medicine until I had taken several bottles and was entirely cured. Now I eat anything, am strong, healthy and happy, and attribute it all to 'Blood Wine.'"

Womb afflictions, periodical sufferings, and the general lassitude resulting will quickly disappear when the blood is properly treated. It provides nourishment and strength and brings about a natural condition in all the organs. Mrs. Bertha Sanborn of 50 Germaine St., Boston, will testify to that. Her experiences are as follows:

"Your 'Blood Wine' has done more for me than I could express in a letter. I have been subject to womb trouble all my life, and have

yeil. He gave approval by nods and smiles. President Benjamin Ide Wheeler then conferred degrees upon the 400 collegians, who sat upon the stage with cape and gown. After this the president was introduced by President Wheeler, who simply said: "Theodore Roosevelt, president of the United States."

Then as the chief executive, attired in a black academic robe, trimmed with purple, stepped into the sunlight President Wheeler said: "Theodore Roosevelt, by authority of the regents of the University of California, I confer upon you the degree of doctor of laws. This is the highest honor the state knows how to confer on you. Its best it gives gladly."

President Roosevelt then addressed the assemblage, eulogizing the state, its people and the university, speaking in affectionate terms of his old-time friend, President Wheeler.

At the close of the exercises the president left for Oakland, where he was escorted through the principal streets, accompanied by Governor Pardee, Senator Perkins and the reception committee. In front of the high school the president delivered a short address. He was then escorted to the water front en route to the navy yard.

Wealthy Pioneer Dead.

Honolulu, May 15.—S. C. Allen, a pioneer of Honolulu, died of heart disease, aged 72 years. Captain Allen was one of the wealthiest men in these islands, his fortune being estimated at \$5,000,000. He was a member of the firm of Allen & Robinson, lumber dealers and shipping men.

HAVE REFUSED TO PARTICIPATE

Citizens Near Confederate Cemetery Pass Resolution—Member Declares War Is Not Over.

Columbus, O., May 15.—The Hilltop Improvement association, an organization of citizens in the vicinity of the Confederate cemetery at Camp Chase, after a stormy session, refused to participate in the annual services which are to be held next month at the cemetery in memory of Confederate dead.

President W. B. Potts had planned for the association to take part in the ceremonies, but when the matter was brought before the association it met with stormy opposition. A resolution was at once presented, declaring the refusal of the association to participate in the exercises. Dr. Warner, a member of the association, declared the war was not over. He said it never would be over until the Confederates recognized the fourteenth and fifteenth amendments to the national constitution.

President Potts tried to prevent the adoption of this resolution. He said the Confederate graveyard at Camp Chase was the largest of its kind in the north and annually in June the eyes of a united country were on Columbus; that this city had gained the thanks of all the people of the southern states because of its care of the graves of the dead Confederates. He said he was one of those who thought the Civil war was over. He had been laboring under the impression that the sons of ex-Confederates and sons of ex-Union soldiers fought side by side in the Spanish-American war and for the protection of the Christians in China.

The resolution was adopted by a majority vote.

SOCIAL EVENTS

Bentley-Emmerling.

Miss Estella Bentley and Jacob Emmerling were married at 7:30 o'clock last night at the parsonage of the M. E. church, Rev. Dr. Pratt officiating. They were attended by Mr. and Mrs. George Crookall as best man and bridesmaid. The full ring service, solemn and impressive, was used. The groom is a popular young pottery worker, employed at the West End plant, and the bride is a talented and winsome young lady. They will go to house-keeping on Jethro street.

Mrs. Erlanger Surprised.

Mrs. William Erlanger, Sr., was given a surprise birthday party at her home on Fifth street from 9 until 12 o'clock last night. About 15 couples were present. The ladies arranged the party and succeeded in enticing their unsuspecting hostess from the house while they were making the final preparations. The evening was given over to the enjoyment of music and cards, interrupted by the refreshments of ice cream, cake and fruits. Mrs. Erlanger was the recipient of many happy congratulations.

Arranging for Convention.

The ladies of the Missionary society of the First Presbyterian church held a business meeting last evening to complete arrangements for the convention to be held in that church early in June. This will be an occasion of unusual interest, not only to all interested in missionary work, but to the general public. A large number of delegates are expected from other churches in the Steubenville presbytery.

Missionary Society Meeting.

The Woman's Home Missionary society held a meeting of unusual inter-

est at the First M. E. church last evening. Mrs. William Hollingshead extended an invitation to all members of the society to have a tea at her residence next Thursday afternoon. On Friday evening, Mrs. Frank Crook, president of the auxiliary of the First M. E. church, will entertain the young ladies who have recently joined the church. Dr. Pratt was present during the early part of the evening. He led the devotional exercises and gave an address on the work of the society as related to the church.

PUBLIC SAFETY BOARD ENTERED ON ITS WORK

Press Representatives and Even City Officials
[Not Allowed to Listen to Its
Deliberations.]

PROGRAM OF FUTURE WORK MAPPED OUT

In strict violation of the law and custom of any and all boards that transact business of the public, the first regular meeting of the board of public safety held last evening in the office of the city auditor was a star chamber session. Representatives of the daily press, through which the public receive their information of the proceedings of all meetings pertaining to the municipal business, were barred. All city officials, even Mayor Weaver, were treated in the same manner. City Solicitor Davidson was not wanted; at least, he was given no invitation to be present.

In spite of this adverse action on the part of the board, the News Review is in a position to report the proceedings of the meeting in full and the information did not come from the press committee appointed by the board.

Upon the arrival of the members, J. H. Dawson, James H. Grafton, D. M. Ogilvie and W. L. Taylor, they requested Mayor Weaver to convene with them until they were sworn in and organized. The chief executive did as requested and called the meeting

to order shortly before nine o'clock. Each member took the oath of office and then by a unanimous vote J. H. Grafton was elected chairman. Mayor Weaver then left the honorable body. Upon his retirement the question arose as to who should be clerk of the board and the members decided to honor the application of E. N. Huntman, who was elected. He is a Republican and has long been a resident of the city. He is well known as a former grocerman, which business he followed for 15 years. The organization completed, the board began a discussion of the many duties which are incident to the positions accepted by them. The police and firemen were talked of at length. Many suggestions were offered and considered which the members thought would result in the improvement of the two departments. While the board will have numerous other matters to look after, the regulating of the methods to be employed by these departments will consume the most of their time and they, realizing the fact, reviewed the situation thoroughly.

STATE OFFICERS IN THIS CITY

East Liverpool Now Has Commander, Quartermaster and Adjutant of S. of V.

FEATURES OF ENCAMPMENT

The actual business of the Grand Army and Sons of Veterans state encampments was finished on Wednesday evening and yesterday was devoted to pleasure trips and sight-seeing.

This section of the state and particularly East Liverpool was honored with the highest offices in the state in both orders, and several of the minor positions will come to Columbiana.

Division Commander J. J. Rose with the other officers and the commanders' staff were installed Wednesday. They are as follows:

Senior Vice Commander—F. E. A. Shaw, of Marietta.
Junior Vice Commander—W. B. Coats, of Martin's Ferry.
Division Council—P. F. Yengling, of Salem; J. E. Schenck, of Dayton; T. O. Bailey, of Cleveland.
Delegate to National Encampment—Delegate at Large—F. O. Tuttle, of Cleveland; alternate, H. D. Davis, of Cleveland.
Delegates—W. B. Martin, of Massillon; F. C. Landsittle, of Marietta; T. A. Seltz, of Dayton; alternates, John A. Barnhardt, of Cleveland; George H. King, of Cleveland; H. R. Rowley, of Lancaster.

Quartermaster—W. R. Dawson, of East Liverpool.
Commander's Staff—Chaplain—S. B. Salmon, of Dennison.
Adjutant—F. W. Timmons, of East Liverpool.
Mustering Officer—W. T. Schrieve, of Lancaster.
Judge Advocate—Sherman Arter, of Cleveland.
Sergeant Major—H. R. Thompson, of East Liverpool.
Military Aid—Past Commander A. E. B. Stephens, of Cleves.

Aids—D. W. Holloway, of Akron; Dr. Hollingsworth, of Creston; Dr. L. L. Yonker, of Bowling Green; B. D. Hyatt, of Bellefontaine; J. J. Vangard, of Scioto; R. L. Atchison, of Mogadore.

In the election of Captain W. R. Dawson as division quartermaster, another important berth comes to East Liverpool. The laws of the division were changed so that the position to which Mr. Dawson was elected will be a permanent one and the incumbent is elected for a term of three years.

CONDEMNED MAN CHEATED THE GALLOWES

Man Who Was to Hang Today Was Found Dead in His Cell.

Lexington, Ky., May 15.—(Special)—William McCarthy, a condemned wife murderer who was to have been hanged in the penitentiary today, succumbed in his cell in the annex some time during the night. He was found dead by the death watch this morning.

An autopsy was held by the prison physicians and morphine was found in the stomach. The drug is thought to have been given the condemned man by friends outside the prison.

DECIDED TO HAVE EQUALIZING BOARD

Council Once More Tackles the Pennsylvania Avenue Paving Problem.

MAYOR TO HAVE NO CLERK

Realizing the importance of the meeting, every member of council assembled at the city hall last evening, there being present President Horwell, Messrs. Barlow, Johnston, Smith, Cannon, Moon and Croxall. Acting according to his determination made at a previous meeting, the members were called to order promptly at 8 o'clock by the president and the body got down to work at once.

Among the first matters given attention was the ordinance repealing the one passed some weeks ago creating the office of clerk for the mayor. It was up for the third reading and final passage and after each member had stated his view of the question a vote was taken, resulting in the passage of the ordinance, but two members, Moon and Smith, voting against it.

Those voting for the passage of the ordinance stated that they thought the expenditure of \$500 a year for a clerk would be an imposition on the taxpayers. They contended that the mayor does not have sufficient work to demand a clerk and that if the board of public safety needed a clerk it has the power to appoint one. It was argued that when the provision was made by the compilers of the code it was done in consideration of cities such as Cleveland, Cincinnati, Columbus and others of more than 50,000 inhabitants and that cities the size of East Liverpool do not have enough business to keep busy both a mayor and a clerk.

The burdensome Pennsylvania avenue question was then taken into consideration. It was decided to appoint an equalizing board and at the next meeting each member will have a

NO NEED FOR ASSESSING BOARD

Council Acted Legally in Appointing a Pennsylvania Avenue Equalization Board.

At the city hall this morning the conclusion was reached by the city auditor and a few others that council took premature action at the meeting last evening when it decided to appoint a board to equalize the assessment made on the Pennsylvania avenue improvement. The conclusion was based on a misinterpretation of the code, it being the opinion that a new assessing board must be appointed and its report received and accepted before the appointment of an equalization board can be made. City Solicitor George E. Davidson was approached by a News Review reporter and made the following statement:

"The decision of council was perfectly proper. I weighed the matter well before the meeting and am positive that the code does not make it necessary for the appointment of another assessing board."

The sections of the code pertaining to the action are as follows: "In cases wherein it is determined to assess the whole or any part of the cost of any improvement in proportion to the benefits which may result from such improvement, as provided for herein, the council may appoint three

BIG TRAINLOAD OF RAILWAY MEN

Conductors and Their Friends to the Number of 1,000 Visited the East End.

ACREEABLY ENTERTAINED

The Visitors Shown Through the Laughlin China Company's Big Plant And Presented Handsome Souvenirs—All Deeply Interested.

Railroad conductors, their wives and sweethearts, to the number of 1,000 were most welcome invaders of the East End this afternoon. A special train of 15 coaches and a baggage car reached the switch at the Homer Laughlin China company's plants just at noon, having been delayed on the trip from Pittsburg almost an hour. In consequence the inspection of the Laughlin plants, which was the principal feature of the trip, was postponed until after dinner.

The ticket punchers were met at the train by the officials of the Laughlin company and the committee from Trades and Labor council, composed of Messrs. John Reark, William Cope, William Pittenger, Frank Martin and Fred Pennington and representatives of Wellsville Division No. 289, Brotherhood of Railroad Conductors, Messrs. F. J. Packer, J. P. Whalen and T. J. Kerr. The reception was informal, there being no addresses, as was at first announced.

Dinner was the first thing on the program, and the visiting railroadmen were escorted to Larkins' hall, where they were served by a local caterer and his assistants with a substantial lunch. Owing to the small size of the room all the visitors could not be accommodated at one time and many of them patronized the restaurants and boarding houses of the East End. Quite a number came down to the central portion of the city on the street cars and remained until time to return to the train.

The visit to the city was one of the side trips arranged every day for the members of the Brotherhood of Railway Conductors, whose representatives are holding the 29th convention this week at Pittsburg. The delegates of the convention were not with the visitors, the sessions requiring their presence in Pittsburg. The visitors represented every section of the United States and were a fine appearing body of men and women.

Their curiosity to see how pottery is made was quite unusual and Messrs. Aarons, Wells, Sterling and Ed Carson, Harker and other officials of the company were kept busy making explanations. The visitors were well pleased with their tour of the plants, which included every department, particularly with the souvenir presented by the company. This token had been pre-

pared particularly for the trainmen and was a handsome ice cream plate, tastefully decorated and embellished with the insignia of the Brotherhood. The departure of the train at 4:30 o'clock was all too soon for the visitors and they assured their hosts that this trip had afforded the most pleasure of any yet arranged.

Boys Accused of Theft.

Upon complaint of several proprietors of fruit stands and grocery stores a couple of boys were arrested this morning and taken before the mayor, charged with pilfering oranges and other fruit from the display benches on the streets. The urchins were given a severe reprimand and released upon their promise to never repeat the action.

COST WILL REACH ABOUT \$400,000

Engineers' Estimates of Expense of Building New East End Car Line.

LETTING OF CONTRACTS

Preparatory work for the construction of C. A. Smith's electric street railway line to the East End is progressing rapidly. The corps of engineers that have been working along the route for a week or more have nearly finished and will be ready to make their report in a few days. They are considered among the best engineers of the country, coming from the office of M. J. Bryan, well known as the owner of an extensive construction engineering agency, with headquarters at Pittsburg, and upon their work will depend the letting of contracts for the entire equipment of the road.

The engineers are determining the grades, elevations, condition of curves and streets for the purpose of estimating the amount of motive power that will be required to operate the line and the entire cost. When they are through the contract for both the railway and the electric light plant will be let. Mr. Smith estimates the total cost at a figure close to \$400,000. It is stated that in a very short time the estimates will be made, the contracts let and the work begun. The news will be received with pleasure by the general public, as it is the wish of practically every one in the city that the line be in operation in as short a time as possible.

The contracts for the rails will be given either to a Johnstown firm or one of Philadelphia. Contracts have already been closed for the furnishing of the ties, and it will be but a very short period until they arrive in the city.

THREE LIVES LOST IN A BIG FIRE

Appalling Disaster at West Chester, Near Chicago—Many Persons Hurt.

Chicago, May 15.—(Special)—An appalling catastrophe at West Chester, near this city, resulted in the death of three people and fatal injuries to two others. Six persons were seriously injured.

The lives were lost in the destruction by fire of the West Chester depot. The dead are: Louisa Phasesa, Harry Struble and Samuel Hall.

Violently Insane

Lisbon Colored Man Arrested at New Brighton And Sheriff Sent For.

Lisbon, May 15.—(Special)—Sheriff Leonard received a telephone message from New Brighton, Pa., yesterday afternoon, stating that Thomas H. Gardner, a Lisbon colored man, has been locked up there, violently insane. Gardner was in Lisbon the first of the week and it was noticed that he was acting queerly. He was at one time cook at the county infirmary.

Sheriff Leonard went to New Brighton today to bring Gardner back to this county.

COUNCIL TAKES STEPS FOR ISSUE OF BONDS

Question of Providing \$59,000 to Meet Deficiencies, Etc., Goes to the Voters
June 1.

THE NECESSITY FOR THE BONDS IS GREAT

By a unanimous vote of the city council at the adjourned meeting held last evening a resolution was passed declaring it necessary to hold a bond election for the purpose of meeting the deficiencies in the several funds, general, fire, police, light, sanitary and interest. The date set for the election is June 1, between the hours of 12 and 6 p. m.

Solicitor George Davidson had prepared the resolution and after he and Auditor Davidson had explained the situation of the city's finances again the members of council took the matter up and voted for the election, each man expressing himself on the absolute necessity of the taxpayers of the city taking the matter up and under no consideration failing to cast a two-thirds vote in its favor.

There are few cities that have ever been placed in such a financial predicament. The funds are overdrawn many thousands of dollars. In order that the employees of the city might receive their salary for this month it was found necessary to renew notes of the city for which 7 per cent interest must be paid. This was done in violation of the code, but there was no other remedy. When the issue comes before the people it must either be passed or the city will be tied up. Council and the other boards have decided to do no more work or have any more done when the money is not in the treasury to pay for it, and if the bond issue fails the police, firemen and other officials will be notified to suspend work until the money can be secured.

The election will be for the issuing of bonds to the amount of \$59,000, which is 1 per cent of the total valuation of the city. According to the code only 1 per cent of the valuation can be bonded, and only after a favorable vote of the people.

By this action on the part of council the entire overdraft will be wiped out and the several funds will be placed once more on a sound basis. The tax levy due on June 20 will be sufficient to defray the expenses in the future, and as council and the other boards will contract for the payment of bills only when the money is in the treasury the funds will not again be overdrawn.

MRS. STROWE'S SUIT FOR \$250 DAMAGES

Case Before Court Growing Out of a Restaurant Sale at Wellsville.

Lisbon, May 15.—(Special)—The case of Charles and Margaret Strowe, of Wellsville, vs. Park Leach, is being tried by the jury today. The plaintiff charges that the defendant obtained possession of a lot of household furniture belonging to her and unlawfully converted it to his own use. She asks damages in the sum of \$250.

The case grew out of the sale of a restaurant in which Leach maintains that the articles seized by him were included in the deal.

NEW BOARDS ORGANIZE

W. L. Thompson President of Library Board And J. J. Purinton of Tax Commission.

The library board organized last night with the following officers: President, W. L. Thompson; vice president, Dr. W. N. Bailey; secretary, G. Y. Travis; treasurer, A. S. Young. Regular meetings will be held the first Friday of each month.

The new tax commission chose John J. Purinton president and Dr. William M. Calhoun vice president.

Strenuous Senatorial Contest.

Columbus, May 15.—(Special)—Word comes from Belmont county that the fight between Hon. J. C. Heinlein, of Bridgeport, and Hon. Charles Howard, of Barnesville, has reached the strenuous stage. It is stated that Howard's friends are industriously spreading the report that Heinlein is a foraker man and that his nomination would be a good thing for Senator Hanna. This story is strongly resented by Heinlein's friends.

A BANNER DAY FOR THE VOTERS

Almost 4,000 Ballots Cast Yesterday For Candidates For Prizes.

IMPORTANT GAINS MADE

Almost 4,000 votes were cast in the News Review's voting contest yesterday and the totals of several of the leading candidates for prizes were largely increased. It was the last day for Series C coupons, and holders of votes of that series hustled them in in great quantities.

A new series of votes—E, good until June 15—starts today. Though Series D votes will be valid up to and including the last day of this month, they should now be sent in as rapidly as possible. This will not only facilitate the counting, but lend additional interest to the contest, which is now attracting more attention than ever.

Every reader is urged to save his votes and bring or send them to the News Review office, marked with the name of the candidate favored by the voter. This takes very little work, and the favor is one the candidates will certainly appreciate.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside Park	21,544
Thomas Lownds, Fourth street	14,794
J. E. Anderson, Lincoln avenue	13,234
Matthew Curran, Jethro street	8,575

WITH THE WORKMEN IN THE CLAY PLANTS

FIRST TIME HONORED.

Local union No. 32, printers and transferers, are highly elated over the election of one of its popular members, William Elder, as second vice president. This is the first time in the history of the Brotherhood that a national officer has been selected from their ranks and Vice President Elder should feel proud over the distinction. It is stated that his campaign was strategically managed by Ed. Hutton, whose wonderful agility in getting over the ground enabled him to see all the delegates before the other candidates had gotten fairly started. Mr. Elder will make a popular and efficient officer.

DUFFY IS BUSY.

President Duffy will be a very busy man for the next two weeks. He has assumed the duties of an office not entirely familiar with him and will in addition have to coach Ed. Menze, the new secretary, until that gentleman learns the ropes. One of President Duffy's first and most important

acts will be the appointment of a conference committee to meet with the manufacturers. This committee will not be announced for some time as the conference will not take place until July. It is not believed that any friction will result from this conference.

LEFT FOR PEORIA.

Water J. McKeone and Mike Fennell, the delegates to the national convention, who have been visiting relatives in this city since the seasons ended, left this morning for their homes. Both are well pleased with the work of the convention and are of the opinion that all the measures enacted will work for the betterment of the organization.

AMONG THE WORKERS.

Miss Eva Morrow, of the Union, will visit with friends in Minerva while the alterations are being made at the plant.

Miss Anna McMillen, of the Union, will leave in a few days for Barnesville, where she will make a visit with relatives.

Herbert Johnson, of Brunt's, will attend the meeting of the grand lodge, G. U. A. M., which is to meet next Tuesday at Warren.

Several of the East Liverpool delegates were offered positions in the Wheeling potteries but so far as has been learned, none of them accepted.

Miss Anna McKenna, one of the delegates to the convention, returned home yesterday. She remained a day or two after the sessions ended to visit with relatives.

James Marriatt, one of the Trenton delegates who came up here from Wheeling, left last night for Lisbon, where he will make a short visit before returning to his home.

Great Northern Trouble Settled.

St. Paul, May 15.—All danger of a strike on the Great Northern railway system has passed and an amicable agreement between the company and its trainmen has been reached, the schedule being signed. Each side made concessions, although upon the face of the terms of the compromise the men have somewhat the better of it. They are granted an increase in wages which averages 15 per cent; the yardmen get the Chicago scale, which is 3 cents an hour higher than the St. Paul scale; new men are to be given increased wages after one year's service, and upon the double-header question, which was the cause of the deadlock in the negotiations, the men modified their demands to a slight degree.

COMMUNICATION

FROM WILL REED

Offer to Refund Money if Hyomei Does Not Cure Catarrh.

To the Editor of the News Review:

I have been asked recently if the advertisements printed in your columns regarding Hyomei were true, where I offer to refund the money if this treatment does not cure catarrh. I wish you would please print this letter in as conspicuous a place as possible in your paper, saying that we absolutely agree to refund the money to any purchaser of a Hyomei outfit if it does not cure catarrh.

This outfit consists of an inhaler of a convenient size to be carried in the vest pocket so that the user can breathe Hyomei air four or five times daily. With this is included a medicine dropper and a bottle of Hyomei. The outfit sells for \$1 and is a most economical treatment, for the inhaler lasts a lifetime and there is enough Hyomei for more than a month's use, while extra bottles can be obtained for 50 cents.

I trust this communication will set to rest any doubts that may have arisen as to my willingness to refund the money for a Hyomei outfit, in case the purchaser is not satisfied.

I wish to say emphatically that my guarantee on Hyomei holds good, and I will refund the money to any dissatisfied purchaser who simply states that he has used the treatment according to directions and not been helped.

Respectfully yours,

WILL REED.

LISBON COLONY IN CLEVELAND

Men of Prominence Who Were
Born and Reared in
This County.

A NATIONAL REPUTATION

Won By Some Who Are Proud to
Claim, Columbiana's County Seat
As Their Early Home—Spots of
Historic Interest About the Town.

Great preparations are being made for the centennial celebration of the founding of this town, known in its early history as New Lisbon. June 17 and 18 promises to be great days for this historic town. Citizens propose to observe the occasion with speeches, music, including the "ponderous drum and shrieking fife," fireworks and an imitation of the Morgan raiders, who threatened an advance on the old village in 1865.

There is a large colony of New Lisbon people in Cleveland, says W. W. Armstrong, in the Cleveland Press. The Hannas, the Armstrongs, the Delenbaughs, the Garretsons, the Whitacres, the McCords, the McClymonds, the Millers, the Potters, the Briggs, and many others now living in Cleveland and hosts of others from far and near will return to be present at the reunion.

Rev. Louis Kinney, a Baptist, with true Scotch-Irish instinct, bought the land upon which the town was built. He succeeded in securing somewhere an appropriation of \$150 for a log house. The town drew recruits from Pennsylvania, Maryland and Virginia and in its early days it was the most important point in northeastern Ohio.

Clement L. Vallandigham and M. A. Hanna are two native New Lisbonites to attain national prominence in public life.

Vallandigham was in congress just before the war and for his unfortunate position of public questions there he achieved a notoriety which was world-wide, yet he always claimed that he was for the union and the constitution. He entered public life early and was an accomplished speaker.

Hanna, much younger, did not enter politics until he had accumulated a fortune. He inherited his oratorical force from his father, Dr. Leonard Hanna.

Four of Lisbon's sons reached the rank of major general. They were Gen. W. T. H. Brooks, Gen. "Red" McClellan, Gen. Alex. McDowell McCook and Gen. George A. Garretson. There were others who were brigadier generals and colonels, and in the little cemetery on the hill can be observed monuments of several majors, captains and lieutenants. Lieut. Commander John J. Cornwell and some others represented the old town in the United States navy. Of educators there were David Anderson, Joseph E. Vance, Jessie Holmes, and Mrs. Taber, who before the days of common schools, were engaged in teaching the young ideas how to shoot. There will be many who will visit the grave of David Anderson, "Old Dave," as he was styled, to pay their respects to the memory of the schoolmaster, who had rough ways, but a tender heart.

William H. Gregg, publisher of the Ohio Patriot, established in 1808, has several copies of his paper containing the sheriff's advertising from Cuyahoga county, there being no paper published in Cleveland at that time. Cleveland is now 100 times greater in population than Lisbon, yet she is not prouder of her growth than is the little town on Beaver creek of her age.

Mrs. Virginia Lepper, widow of Charles W. Lepper, first cashier of the Cleveland Citizen's Savings bank, and a daughter of ex-Sheriff Peter Cornwell, died in Cleveland recently. Five years ago Mrs. Lepper donated \$10,000 for the erection of a library to be known as the "Lepper library." It is one of the most beautiful public buildings in the town. One year ago it was changed to a public institution. Before the death of Mrs. Lepper she sold all of her diamonds and jewelry and donated the proceeds to the church to which she belonged.

Lisbon is full of historic spots—the house where Vallandigham was born, the house where the mother of William McKinley lived as a young woman, the grave of the grandfather of President McKinley, the well remembered old taverns and many other points that will be remembered by those who return, after years of absence, to the home of their childhood.

Don't allow the idea that Hagee's Cordial of Cod Liver Oil is greasy, nauseating, sickening, like ordinary cod liver oil, prevent a trial of this remarkable spring remedy. Hagee's contains all the active medicinal properties of cod liver oil without the grease—the fishy taste.

EPWORTH LEAGUE

Result of the Election Held By Erie Street M. E. Church Society.

A meeting of the members of Epworth League of the Erie street M. E. church was held and the annual election of officers took place. Herbert Smith was chosen president and his cabinet will be Marion C. Flick, first vice president; Florence Myler, second vice president; Pearl Finley, third vice president; Effie McKinnon, fourth vice president; Mollie Flick, secretary; Blanche Marsh, treasurer. The look-out committee was also appointed and Harry Wilkes was made chairman and Charles Jamison, Hazel Orcutt and Dora Hayes, assistants.

Delegates to the spring convention, that will be held next spring at Sallineville, were elected and Mollie Flick and Harry Wilkes will be the representatives.

GUN CLUB SHOOT

Good Scores Made at the Columbian Practice Shoot Yesterday.

The Columbiana Gun club held its shoot yesterday afternoon at its grounds above Columbian Park and the shooting was of excellent marksmanship. Dr. Jackman made two straight scores of 15 birds. Dr. J. H. Davis made one straight score. The shooting of Councilman Johnston was good. He secured 14 out of 15 birds, but in his total of shooting killed 53 out of 65 birds.

Dr. Jackman and Councilman Johnston were slightly hurt by the rising of their gun barrels. The new powder that the gun club was experimenting with is stronger than that usually used.

Missionary Society.

The Ladies' Missionary society of the Second U. P. church held an exceptionally good meeting at the parsonage yesterday afternoon. It was well attended. There were five visitors also present. The routine business of the society was transacted and the subject on home missions was "Cuba and Porto Rico," and the foreign subject, "Siam and Laos." After the regular meeting was held an enjoyable social hour was spent.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

NO CHANCE AT ALL FOR THE DEMOCRATS

REPUBLICANS WILL CARRY BOTH BRANCHES OF LEGISLATURE.

Close Counties Represented By Republicans No Longer in Existence in Ohio.

Columbus, May 15.—The result of the last election in Ohio for members of the Seventy-fifth general assembly shows conclusively that unless there is a break in the Republican column in Hamilton county there is no chance for the Democrats to defeat Senator Hanna for re-election.

Up to the past five years there were an unusually large number of close Republican counties, among which might be mentioned the joint Adams-Pike district, Van Wert, Hardin, Williams, Hancock, Paulding and Ross counties. But the last election for assemblymen swept every one of these counties into the Republican column safely with the single exception of the Adams-Pike joint district.

There were 63 Republicans in the last house and 42 Democrats, the latter including the solid Cuyahoga county delegation. The Republican majority was 26 votes, making necessary a change of 14 votes in the entire membership to give the Democrats the next house.

There was but one close county in the last house represented by a Republican, Erie, where Hon. W. E. Guerin had a majority of but 16 votes. The close Democrat districts were: Adams-Pike joint, J. W. Guthrie 48 majority; Coshocton, J. A. Findley, 142; Guernsey, Hon. W. L. Simpson, 375; Highland, Hon. N. P. Clyburn, 103; Knox, Hon. Patrick Perry, 141; and Tuscarawas, Hon. W. A. Gold, 227. Of these Messrs. Guthrie, Simpson, Clyburn and Perry were re-nominations. Every one of these counties are likely to be carried by the Republicans.

In the senate the Democrats had 12 members and the Republicans 21, a Republican majority of 9. In that number Senators Harrison, Godfrey, Overholt and Judson represented districts that had before been safely Democratic. The Cuyahoga county delegation was solidly Democratic. A review of the senatorial outlook at this time is that every district represented by a Republican in the Seventy-fifth will remain so.

Two years ago the people of Ohio demonstrated that they were sick of Johnson and they will emphasize this view this fall. With a splendid national and state administration, good times, prosperity and a high state of the general welfare it does not seem possible that there will be any reversal of the public judgment on Republican men and measures. But no chances should be taken in nominating a legislative ticket.

Ten Injured in Street Car Collision. Indianapolis, May 15.—Two street cars, the second and last in a string of three cars bearing a trolley party of officers and delegates of the national convention of Royal Neighbors, collided and 10 women were injured, three seriously. The accident was caused by the front car being stopped suddenly and the rear car crashing into it.

Student's Hand Blown Off. Marietta, O., May 15.—While the Marietta college cannon squad was firing a salute in honor of Commander-in-Chief Thomas J. Stewart, of the G. A. R., on his arrival here a premature explosion occurred. Walter Kelly, a student, had his right hand blown off and three ribs fractured. Several others were slightly injured.

IMPROVEMENT MEASURES MUST PROCEED SLOWLY

Ordinances Cannot Be Rushed Through Under the New Code—Considerable Red Tape.

The course laid down in the code for the procedure of council in the passage of an improvement measure has been found to be a most roundabout one. Under the old system there was a lot of trouble and red tape generally considered unnecessary, but under the present arrangement as much caution is observed in the passage of a street grading ordinance as in the adoption of the Panama canal bill.

Council must first adopt an improvement measure by passing a preliminary resolution declaring the necessity of the work. However, before this can be done it must emanate from the board of public service. After the passage of this resolution it must be printed once a week for from two to four weeks and then embodied in an ordinance setting forth all details of the procedure, the manner of doing the work and of paying for it, etc.

Then comes the crowning provision of the code, which to some seems absolutely unnecessary. Twenty days after the passage of the ordinance, another must be produced and passed. It has the same provisions and is practically the same ordinance. This makes the one further provision that work shall begin forthwith. This third measure must be passed as the others with three readings and a three-fourths vote. After it is passed a second notice is given that ground may be broken for the work.

Under the system of passing improvement measures it is estimated that many weeks will be necessary to get any improvement through council, and it is advised that if the body wishes to have any work done this summer that they take it up at once.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. The following were among those issued: George E. Mackey, of East Liverpool, a wind musical instrument; Miller D. Grimm, of Wellsville, process of annealing metal plates.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." Sold by Alvin H. Bulger.

A Healthy Trade In China

This department is enjoying the greatest trade since it was started. We take good care to see that goods are here that people want and that they are different from other lines around us. We also take good care that the prices are popular, the variety unexceptional and the grades of China now to be duplicated. Some of the prices that we hear of being quoted, seems to us to almost be a prohibitive act against purchasing. We have just received a large shipment of Fine German China, which is on display in our show window. Below we quote a few prices:

Bread and Butter Plates 10c	Tea Cups & Saucers 75c a set
Breakfast Plates 13c	Oat Meal Dishes 10c
Fruit Plates 15c	Spoon Trays 19c
Chocolate Pots 49c	Pin Trays 10c

Chop Plates 49c	Cake Plate 25c
Syrup Jugs 25c	Large Cream Pitchers 15c
Tea Pots 25c	Salad Dishes 39c
Hair Receivers 15c	Small Fruit Dishes 10c

The above prices comprise an importation of 1500 pieces of China so good and modern in style of decoration that it does not look like German China. The decorations and shapes are copied from a French design.

By providing for an election to take action on a proposition to issue bonds to relieve the financial embarrassment of the city, council has taken a step which is most commendable. The city has its obligations to meet and cannot meet them without money. It is folly to borrow and pay 7 per cent interest when there is a simple way to get the money and pay only 5 per cent for it. While there will naturally be regret on the part of the citizens that the city's debt must be added to, the necessity exists and the money should be voted without hesitation. It will be far easier to pay it by distributing the payment of principal and interest over a series of years than by a tax levy to pay it in a lump sum. Considering the wealth and population of the city, its prospects for rapid future growth and the improvements which have been carried out, there should be no alarm over the situation and no difficulty in meeting the payments on existing obligations as they mature. The course of the board of public safety and the city council in determining to rid the city of financial methods of a questionable if not absolutely illegal character is one that cannot be too strongly approved. A strict regard for the law as well as for the interests of the city cannot fail to result in economy. Business methods alone will straighten out the present

tangle. And the proposition to get money for immediate use at the cheapest rate possible is certainly "business."

Said President Roosevelt at San Francisco: "It is a good lesson for nations and individuals to learn never to hit if it can be helped, but never to hit soft, and I think that it is setting to be fairly well understood that is our foreign policy. We do not want to threaten; certainly we do not desire to wrong any man. We are going to keep out of trouble if we possibly can, but if it becomes necessary for our honor and interest to assert a given position we shall assert it with every intention of making the assertion good." In other words, Uncle Sam never speaks unless he has something to say. What he says, he means. The great nations of the earth are learning that the United States is one of the greatest, and that its wishes are not to be ignored.

The president's visit to the Pacific coast states and his speeches at San Jose, Watsonville, Santa Cruz, San Francisco and other points serve to call attention not only to the remarkable industrial progress of that section of the Union within the last few years, but to the growth of our interests in the Pacific. In his speech at Watsonville the president, referring to the Pacific, said: "This, the greatest of all the oceans, is one which during the century opening must pass under American influence and, as inevitably happens when a great effort comes, it means that a great burden of responsibility accompanies the effort."

America, being a big country and a rich one, is able to spend on its pleasures sums which reach enormous totals each year. There are plenty of amusements which have a place on the country's balance sheet in the hundred-million class, but most of them are of a kind in which all or nearly all of the people participate to a great extent. One form of pleasure, however, which comparatively few people can enjoy, and which yet ranks high in the total amount spent on it, is foreign travel. An expert in the navigation business has been recently making an estimate of what our tourists will spend abroad this year, and he places the amount at \$100,000,000.

The Carnegie library is an institution in whose prosperity all East Liverpool should be interested. That the people appreciate the advantages and benefits it offers them is abundantly shown by its rapidly increasing patronage and expending influence. There should be no hesitation, but instead an eagerness, to take advantage of the offer of Prof. W. L. Thompson to donate \$1,000 to the library for its immediate needs, provided a like sum is donated by citizens. The money will certainly be well invested, and we are confident it will be forthcoming.

Toledo will dedicate a handsome McKinley memorial statue on July 4, being among the first of Ohio's cities to erect such a memorial. In honoring the dead statesman's memory Toledo is herself honored.

According to Mr. Cleveland, Judge Harmon is a pretty good Democrat, but he doesn't weigh 300 pounds.

LITTLE FOLKS DELIGHTED

Gentry Bros' Circus Is Here With Many Striking New Features.

The little folks of the city are delighted. Gentry Bros' famous show—a circus in miniature—with Lilliputian trained animals, complete in all the essentials of a great show, is here and will exhibit this afternoon and evening at the West End park. The show makes a hit wherever it goes. It has been seen here before and was highly appreciated.

A street parade preceded the exhibition and it was first-class. This year the show has been rebuilt with many new additions, and the general verdict is, "better than ever." Many bright, laughable and interesting acts, not seen here last year, have been added to the performance, and even the remarkable loop-the-loop is here performed by a cunning little monkey in a most sensational manner.

The show is full of laughable situations and not a tiresome act is on the program. It is a clean show and the people will give Gentry a packed canvas.

PUBLIC SAFETY BOARD ENTERED ON ITS WORK

Continued from First Page.

It was decided for the entire board to make an investigation of the central and East End fire stations on a day to be named later, of next week. One proposed that the members go singly but the suggestion was not favorably received.

In anticipation of the receiving of numerous applications for positions on the police force and in the fire department, a plan was talked of by which the members hope to secure a few men that can be called upon at the time needed. Mr. Taylor stated that he thought it would be a good idea to select about four well built and physically strong men for the position of firemen; see that they will fill the requirements; give the fire chief orders to allow them to loaf around the fire station that they may get acquainted with the work and then when the time comes that one is needed a green horn will not have to be appointed. The proposal was locked upon favorably and will likely be adopted.

William Copestick had informed one of the members that he is not satisfied with the position of constable and asked that he be in some manner connected with the East End fire station. Action on the request was deferred.

The police department was not the subject of so much comment. The supposition is that the members intend leaving the police to a degree under the perfect control and management of Chief Wyman, who they consider well able to care for his underlings. However, they were not entirely forgotten. One member suggested that provision be made for the policemen to make an hourly report by a telephonic or telegraphic system to be connected either with central fire station or the city hall. The member argued that boxes are already stationed over the city and that the cost would be but little. He thought that by this means the whereabouts of the policemen will always be known. It is likely that the plan will be adopted at no distant date.

Frank Johnson had written the board for appointment on the police force. His application was a thorough one. He referred the board to several prominent men of the city, gave his pedigree and stated that he had had some experience in the work. Upon motion the application was received and placed on file.

The question as to whether or not John Wyman can remain chief of police was given much consideration, but was finally laid over until some

thing more definite can be learned. Mr. Taylor stated that he would like to bet his two years' salary that Mr. Wyman will stay and Mr. Ostlie thought that he could not be removed. The opinion of the remainder of the board could not be learned.

Some discussion was indulged in when the matter of holding the next meeting was introduced. One wanted it on Saturday night, another on Monday night, but a decision was reached to set the date for next Wednesday evening.

We claim to show the most complete and up-to-the-minute line of young men's suits and hats in the city. THE SURPRISE CLOTHING HOUSE. 115-eod-1

WELLSVILLE

FOUND HIS WIFE DEAD LYING UPON THE FLOOR

G. B. Eastlake Made a Horrifying Discovery Upon Returning to His Home.

Mrs. Nellie S. Eastlake, wife of Express Agent G. B. Eastlake, died at her home on Hill street, Wellsville, yesterday from heart disease. Mrs. Eastlake was standing in the yard holding her seven-week-old child when Mrs. Roberts, a neighbor, asked her to go with her to see the circus parade. She said she would, but told Mrs. Roberts to wait until she got a wrap for the baby. She went into the house and failed to return. Mrs. Roberts, not thinking of anything being wrong, went to see the parade. About 12:30 when Mr. Eastlake went home for dinner he was horrified upon opening the door to find his wife lying dead on the floor with the child clasped in her arms. He at once ran for a physician, but the last spark of life had vanished. The little child had a large lump on its head, made no doubt by the fall.

Mrs. Eastlake was about 24 years old and is survived by her husband and child and her parents, who live at Lindenville, O., where the remains were taken this morning for burial.

This is one of the saddest deaths which has occurred in this city for some time and the sympathy of the whole community are with the heart-broken husband, the motherless child and sorrowing parents. Mr. and Mrs. Eastlake came to this city last September and during their residence here have made many friends, and her sad and untimely death was a terrible shock to them all.

day afternoon and was assessed \$8.50. Mills is the young man who, on last Monday evening, had some trouble with Elma Walters, the "White Swan." She came here Monday evening about 10:30 o'clock and swore out a warrant for Mills' arrest. She charged him with having tried to kill her by placing her on the street, car track near her home, midway between this city and East Liverpool. When she came here she was pretty badly used up. Her eye was black, her clothes torn and muddy and her lip badly swollen. She also said he tried to choke her.

When arraigned before the mayor Mills told a different story. He said he did beat her, but she was to blame. He said he went home with her and as they alighted from the car she began a fight and struck the first blow. She was carrying a basket filled with different articles and it was with this she hit him. He defended himself and she got the worst of the argument. He acknowledged that he was intoxicated, but is not sorry for what he did, as he thinks she got only what she deserved. The woman has left this section and her whereabouts are not known. The fight was over Mills being with another woman.

Public Service Board.

The Wellsville board of public service held a short meeting yesterday, but transacted very little business. Mr. Stewart was elected vice president of the board. The clerk was instructed to order a complete set of supplies for the cemetery sexton's use. John Russell asked the board that a larger water main be laid on Applan way, as

the present line is too small to supply the residents. The board of Street Supervisor Alex Culp was read and approved. After this business the board went to the cemetery and made a thorough inspection. They meet again this morning when the report was made.

Fought And Were Arrested.

Bob Sinclair and Bert Kissner had a fight last evening on Main street, near Third street, and both were arrested. They were taken to the city hall, but were released and will have a hearing this evening at 7 o'clock. It is alleged that Sinclair started the fuss and struck the first blow. Kissner did not want to fight, but when struck he pitched in and defended himself. When it was all over Bob's physiognomy was considerably damaged. What the fight was over could not be learned.

THEIR COAL INTERESTS

Attract a Party of New York Capitalists to Shipping-port.

Officials of the Beaver Coal company, which has large coal leases in Beaver county, Pa., and Hancock county, W. Va., passed through Chester today on their way to Shipping-port, where they are at present erecting coal bins on the river. The party consisted of D. C. Colbert, R. H. Miller and T. S. Mulcahy, all from New York city. The gentlemen stated that the interests of the company demanded their presence to make future preparations for the carrying out of the development of the coal lands and other arrangements that might be necessary as soon as the extension of the Panhandle railroad from Moravia will be commenced.

It is thought their visit may have considerable to do with an early commencement of the extension of the railroad. The gentlemen would not give out much information for publication.

name to be voted on and three will be selected to act on the board. The resolution which follows pertaining to the appointment of the board was not acted upon, but will be passed at the next meeting:

"Be it resolved by the council of the city of East Liverpool, Ohio, that three interested freeholders of the corporation, be, and they are hereby appointed to act as an equalizing board, to hear the objections to the estimated assessment heretofore reported to council by the board of improvements, of the costs and expenses of improving Pennsylvania avenue, from lot No. 1589 to the East End school building, and to equalize the same in such manner that the assessment upon any lot or parcel of land shall not exceed the special benefit conferred thereon by said improvement, distribute the assessment among the several lots and parcels of land in the proportion, that the special benefit to each lot or parcel of land bears to the whole special benefit conferred by the said improvement, and the objections to be determined and the assessment equalized according to law. Said board shall meet at the council chamber in the city hall on the 18th day of May, 1903, at 9 o'clock a. m., and shall report such equalized assessment to council at the earliest period of completion."

The ordinance granting the C. C. Thompson Pottery company an extension of time for the switch that it occupies on the state road was referred to the ordinance committee and the ordinance establishing the office of clerk of council was placed on its third reading and final passage. By the ordinance the clerk is to get \$200 per year for his services.

Through forgetfulness Mayor Weaver did not make his appointment of the member of the board of health at the last meeting and it was handed to council last evening. Mayor Weaver was only compelled to make one appointment, notwithstanding that the terms of two members expired last week. He appointed Dr. W. E. Mowen, one of the retiring members, and the appointment was unanimously confirmed. This board will likely hold a meeting tonight and organize.

Notice was given that the board of public service, board of public safety and tax commission wish to meet with council and the body adjourned until next Monday evening when a joint meeting will be held.

NARROW ESCAPE FOR THE DRIVER

TEAM HAULING A HEAVY CIRCUS WAGON RAN AWAY

Four Horses Made a Wild Dash Down the Hill to the Railroad.

Driver Ike Hahn, of Gentry Bros' circus came near being killed this morning while the show was unloading at the lower freight yards. That he escaped is due entirely to his presence of mind and the fact that one of the horses he was driving fell.

A wagon weighing nearly seven tons had been taken from the cars and was headed up Walnut street. Hahn hitched four horses to the wagon, which was loaded with tresses, and an attempt was made to haul it up Walnut street. The outfit was the heaviest belonging to the show, but the two teams made good progress until East Third street was reached, when the horses stalled. The driver tried in vain to induce the animals to go forward, but they were unable to do so.

The lead team finally began to sway from one side to the other and finally turned completely around. The wagon was so heavy that it ran onto the horses and they became frightened. All four horses began running at the same time and the ascent of the steep hill was made at a breakneck speed. Just as the wagon reached the railroad one of the horses fell. The heavy wagon was going so fast that there was no time to get the horse out of the way and the front wheels ran directly into it.

The driver had a narrow escape when the collision occurred, and the horse was badly injured. A gash was torn in its hip and its hind legs were badly bruised. The wound on the animal's hip is about five inches long and very deep. The harness was removed as quickly as possible and the horse taken to the office of Dr. McFarland, where it is now being treated. The show people changed the course of their operations and used Broadway for the remainder of the day.

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S. There is hardly a man, woman or child in America who has not heard of "S. S. S. for the blood." It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anemia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetters, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. ANNIVERSARY OF THE LIBRARY

Celebrated With a Pleasing Program of Music and Oratory Last Night.

EXCELLENT START MADE

Toward Securing the \$2,000 Proposed Donation—Addresses By J. J. Purinton, Rev. C. G. Jordan and Dr. M. B. Pratt—Large Audience Present.

With appropriate and pleasing ceremonies the first anniversary of the opening of Carnegie library was celebrated at the institution last night in the presence of several hundred people who have shown a great interest and helped materially toward its success. While the first year of the library has been attended with a substantial growth, both as to the number of volumes and patrons, a much wider extension of usefulness is promised before the next anniversary is at hand.

A good start was made toward securing the necessary fund of \$1,000, which will entitle the institution to a like amount, the gift, under this condition, of Prof. W. L. Thompson. There is little doubt but the amount will be secured in a brief time, but this is not the entire program for the year. It is the earnest desire of the library trustees, the librarian, Miss Baker, and her assistants to secure sufficient funds for the purchase of new volumes that will place the institution in a foremost place in the state and add to the enjoyment of its patrons.

Last night the assistance of many of the leading citizens was pledged in this campaign, and with the well directed and untiring efforts of the trustees and librarians the objective is certain to be attained.

Preceding the ceremonies the newly appointed board of trustees held a meeting to talk over the affairs of the institution and map out a plan of campaign. The election of officers of the board was the most important business to be transacted. Following are the new officers: President, Prof. W. L. Thompson; vice president, Dr. William Bailey; secretary, G. Y. Travis; treasurer, A. S. Young. The other members are Messrs. Thomas Collins and J. J. Weisend. The board will meet at stated intervals and keep in close touch with the affairs of the institution. Prof. Thompson's election to the presidency is a just recognition of his past services and generosity for the library.

An excellent musical program had been prepared and when the first number was announced the building was comfortably filled with citizens interested in the welfare of the institution. J. J. Purinton, a member of the retiring board of trustees, acted as master of ceremonies. He made a brief address, stating that it was partly the object of the gathering to acquaint the people with the needs of the library and awaken an interest that will help the new board in the work of increasing the book purchasing fund.

Mr. Purinton's address was an eloquent and impressive one, showing the good the library is doing, the chances for future expansion and the necessity for cordial support and public cooperation in maintaining the excellent educational institution.

A double quartet from the high school sang a song that called forth merited applause and the boys were compelled to respond to an encore. The

Her Housework Easily Performed After Taking Blood Wine

Women who find it difficult to do their housework, who drag about their home with hardly energy enough to lift a broom, who are all tired out, who ache, are lame, languid and distressed, will find in "Blood Wine" a medicine whose peculiar strength-giving properties make it impossible for these all too common ills to exist. A great many women neglect themselves, and disease follows. "Blood Wine" should be on the kitchen shelf of every home. If taken once after dinner it will keep one from getting out of order. If taken after dinner it has fastened itself upon the system it will quickly throw off Mrs. Elizabeth Marsh of 22 Isabella St., Boston, Mass., owes her present good health to "Blood Wine," though she almost died before she got hold of the medicine. She says:

"I suffered for years with a general run-down condition, due to a bad condition of the blood, which produced a type of dyspepsia. I had at times pains that almost drove me wild, and that left me with scarcely strength enough to get around. A friend, one day, to whom I was telling my story, asked me to try 'Blood Wine,' as it had done her so much good. So I did. I began with small doses and increased as I improved. I soon got so I could eat bread and milk. I continued with the medicine until I had taken several bottles and was entirely cured. Now I eat anything, am strong, healthy and happy, and attribute it all to 'Blood Wine.'"

Womb afflictions, periodical sufferings, and the general lassitude resulting with quickly disappear when the blood is properly treated. It provides nourishment and strength and brings about a natural condition in all the organs. Mrs. Bertha Sanborn of 50 Germaine St., Boston, will testify to that. Her experiences are as follows:

"Your 'Blood Wine' has done more for me than I could express in a letter. I have been subject to womb trouble all my life, and have taken all sorts of treatment for it without getting permanent relief until I took 'Blood Wine.' I am only too glad to recommend it."

It also cured the mother of Mrs. Howard Warren of 143 Main St., Concord, N. H. She is a woman over ninety. The powerful action of "Blood Wine" in the blood creates normal action and drives off disease. Mrs. Warren's experience illustrates this. She says:

"I have used 'Blood Wine' for both myself and my mother, who is now quite old, and have found it an invaluable remedy for colds and coughs, as well as a phenomenal stimulant for the blood and nerves. It quickly overcomes any irritation of the throat or lungs, and seems to be the ideal medicine for aged people."

Nearly all diseases have their origin in the blood. It is foolish and a waste of time and money to try and cure them without removing the cause. If you want to be cured, to stay cured, to get your system in a thoroughly healthy condition, you can do it with "Blood Wine," because "Blood Wine" removes the cause. "Blood Wine" costs fifty cents a bottle.

FREE BLOOD TEST. If you don't know what germs are in your blood, the surest way is to have your blood examined. Send your name to the Louis Daudet, Inc., Worcester, Mass., for particulars. You can have an expert bacteriologist analyze your blood under a powerful microscope and send you a detailed report, without charge. Remember that nearly all diseases have their origin in the blood. You can learn your true condition through an examination of the blood. Take advantage of this offer today. It was never made before.

SOCIAL EVENTS

Bentley-Emmerling.

Miss Estella Bentley and Jacob Emmerling were married at 7:30 o'clock last night at the parsonage of the M. E. church, Rev. Dr. Pratt officiating. They were attended by Mr. and Mrs. George Croxall as best man and bridesmaid. The full ring service, solemn and impressive, was used. The groom is a popular young pottery worker, employed at the West End plant, and the bride is a talented and winsome young lady. They will go to house-keeping on Jethro street.

Mrs. Erlanger Surprised.

Mrs. William Erlanger, Sr., was given a surprise birthday party at her home on Fifth street from 9 until 12 o'clock last night. About 15 couples were present. The ladies arranged the party and succeeded in enticing their unsuspecting hostess from the house while they were making the final preparations. The evening was given over to the enjoyment of music and cards, interrupted by the refreshments of ice cream, cake and fruits. Mrs. Erlanger was the recipient of many happy congratulations.

Arranging for Convention.

The ladies of the Missionary society of the First Presbyterian church held a business meeting last evening to complete arrangements for the convention to be held in that church early in June. This will be an occasion of unusual interest, not only to all interested in missionary work, but to the general public. A large number of delegates are expected from other churches in the Steubenville presbytery.

Missionary Society Meeting.
The Woman's Home Missionary society held a meeting of unusual inter-

est at the First M. E. church last evening. Mrs. William Hollingshead extended an invitation to all members of the society to have a tea at her residence next Thursday afternoon. On Friday evening, Mrs. Frank Crook, president of the auxiliary of the First M. E. church, will entertain the young ladies who have recently joined the church. Dr. Pratt was present during the early part of the evening. He led the devotional exercises and gave an address on the work of the society as related to the church.
